'Top-Level' Talks Slated In Steel Pact

Do-Or-Die Stage Set In Pittsburgh Starting Monday

PITTSBURGH (AP) — Basic steel contract talks enter the do-or- die stage Monday with the start of top-level bargaining on wages and other key benefits.

Scheduling of the first such talks came Friday amid indications the United Steelworkers Union was clearing the decks for the final 40 days of bargaining that remain before it can strike the nation's steel mills May 1.

The union announced the addition of two men to its six-member top negotiating team. This was an apparent concession to I. W. Abel, union secretary-treasurer who ran against incumbent David J. McDonald for the union presidency and could take over during negotiations.

Start of top-level talks Monday will lift basic steel negotiations from the company-by-company level and put them in the hands of a dozen or so key men.

Talks involving the union and the 11 major steelmakers resumed last week after a two-month recess for the union's still unresolved election.

Some of the bigger companies such as U.S. Steel still have numerous local problems to settle. The company-by-company talks are recessed for the weekend.

Beefing up the union's negotiating team had been suggested by Abel, who reportedly emerged from the Feb. 9 balloting with a several-thousand vote lead over McDonald.

Meanwhile, union representatives negotiating with American Can Co. have called their full team to New York for a meeting Sunday.

A strike against American Can Co. has closed 35 plants.

Officer Suspended

CLEVELAND (AP) — Police Chief Richard R. Wagner has suspended Lt. William Shardell, a veteran of 23 years on the force. Safety Director John N. McCormick said Friday that Shardell, 54, is accused of teaching in Parma elementary schools and attending night school while on sick leave.

8 Advance To Lisbon

United Local Girl Wins Rural 'Bee'

Linda Brenner, 13, of United Local captured the annual county rural school system spelling bee Friday afternoon and along with seven others advanced to the countywide finals April 2 at Lisbon.

Linda, daughter of Mr. and Mrs. John Brenner of Hanoverton, took the honors in the competition held at the New Waterford elementary school when she spelled down Carolyn Ringsmith, also 13, in the 78th round.

—:—

THE CONTEST came to an end when Miss Brenner spelled "stationery" correctly, after Miss Ringsmith missed the word, and then went on to spell "stereotype."

Miss Ringsmith, also a student at United Local, is the daughter of Dr. and Mrs. Paul Ringsmith.

The others who moved into the county finals are: Becky Riccuiti, 13, 8th grade, Southern Local, daughter of Mr. and Mrs. Louis Riccuiti; George Sturgeon, 13, 8th grade, Beaver Local, son of Mr. and Mrs. Franklin Sturgeon; Melva Horst, 12, 7th grade, Fairfield - Waterford, daughter of Mr. and Mrs. Donald Metze; Kathryn Batchelor, 14, 8th grade, Fairfield - Waterford, daughter of Mr. and Mrs. George Batchelor and Rosemary Wargo, 12, 7th grade, Southern Local, daughter of Mr. and Mrs. Francis Wargo.

Patty Seevers, 13, 8th grade, Beaver Local, daughter of Mr. and Mrs. Charles Seevers, was named as alternate.

—:—

IN THE MORNING spelldown for the fifth and sixth grades, Karen Elliott, 10, daughter of Atty. and Mrs. Donald Elliott, 5th grade, Rogers, and Jean Price, 11, daughter of Mr. and Mrs. Fred Price, 6th grade, New Waterford, placed first and second. The contest went 99 rounds.

The first two winners of both divisions were presented medals by Lorin Ruff of East Rochester, elementary consultant who was in charge of the bee, assisted by Urton Anderson, Salem R.D. 5, high school consultant of county schools.

Mrs. Andrew Bretz was the pronouncer and Mrs. Glenn Long, Mrs. Walter Fitzsimmons and Mrs. Charles Crook judges for the two contests.

Rousing Welcome Home Awaits Midland's Cagers

Regardless of whether they win or lose in tonight's state finals at Harrisburg, the Midland High School basketball team will receive a royal reception on its return home Sunday.

The celebration will include a welcome at the Greater Pittsburgh Airport at approximately 3 p.m., a motor caravan to Midland, a parade and dinner.

The team, which made the trip to Harrisburg by bus, will return by plane on a chartered flight arranged by the Midland Works of the Crucible Steel Co. Guy McCracken, works manager, said Crucible is playing host because the fathers of most of the squad and all the cheerleaders are employed by Crucible.

Joining in the welcome at the airport will be Mayor Eli G. Corak, who will present the team with a "key to the city"; Mrs. R. D. Paisley, president of the Chamber of Commerce, and Crucible officials.

The caravan will return to Midland via Route 51 to Aliquippa; through Aliquippa to Monaca; across the Ohio River to Rochester; along Route 68 from Rochester through Beaver and Ohio View to the east limits of the Midland borough line, where other autos will join in the parade.

Neighboring communities have been invited to take part in the procession as it passes through their areas.

Lester Smith, Chamber vice president and chairman of the celebration, said that the high school band will be on hand to greet the team at the borough line.

After the parade, an informal reception will be held at the high school.

A communitywide testimonial dinner is scheduled later in the day at the United Steelworkers building on Midland Ave.

Ernie Green, a halfback with the Cleveland Browns, will be the principal speaker. Other sport figures who will speak include Neenie Campbell, head basketball coach at McKeesport High School; Red Manning, head basketball coach at Duquesne University; Willie Somerset, Duquesne cage star, and Brian Generalovich, Pitt cage ace of last year.

Nate Lippe, head basketball coach at Hopewell High School, will be toastmaster.

In addition to the squad and the coaches, the cheerleaders will be guests at the dinner, which will be served by Mid-

52 Feared Drowned As India Boat Sinks

Reports reaching here said the boat capsized Friday during a rainstorm.

Saigon Police Seize 2 Reds In Bomb Plot

Mission Of Agents Was To Blow Up American Embassy

SAIGON, South Viet Nam (AP) — Police today seized two Viet Cong agents driving into Saigon on a scooter truck rigged with explosives and said their mission was to bomb the U.S. Embassy.

The plot was thwarted when police discovered 25 pounds of plastic high explosive aboard a three-wheeled scooter truck, rigged with a time detonating device set to go off in 30 minutes.

The two men riding it, both presumed Viet Cong terrorists, were arrested and the mobile bomb was defused. The truck was intercepted several miles from the embassy.

Police said the two had planned to park the scooter in front of the five-story concrete embassy building. The detonating device was set for noon — when many embassy workers normally leave for lunch.

U.S. Ambassador Maxwell D. Taylor was in his office when the explosives were found.

The bomb probably would have caused major pedestrian casualties but it was not believed large enough to have done serious damage to the building.

Brig. Gen. Nguyen Chang Thi, commander of South Viet Nam's First Corps Area, told newsmen his troops discovered a Communist ammunition-running boat at Cua Viet, about 18 miles south of the border with North Viet Nam.

He did not say when the discovery was made but said the craft was 55 feet long and carried a crew of five to seven.

In Washington, Secretary of State Dean Rusk said Friday he regrets that the Soviet Union "appears disinclined to put its full weight behind" the 1954 and 1962 Geneva agreements on Viet Nam and Laos.

He was responding to statements made in London by Soviet Foreign Minister Andrei A. Gromyko after Soviet-British talks on Viet Nam. Britain and the Soviet Union were co-chairmen of the Geneva conference that was to bring peace to Viet Nam.

Gromyko declared that the United States would have to stop its military action in Viet Nam before any negotiations could begin. The United States wants the North Vietnamese Communists to stop aiding the Viet Cong first.

U.S. Air Force and carrier-based Navy planes hit military targets at two points in North Viet Nam Friday, the second such strike in five days. For the first time they used napalm-jellied petroleum fire bombs.

There were no U.S. announcements of casualties but Radio Hanoi claimed Communist forces had shot down three planes.

Doubt Seen Over Flight For Tuesday

Ranger 9 Given Go Sign On Sunday To Photograph Moon

CAPE KENNEDY, Fla. (AP) — Prospects for a Tuesday flight of the maneuverable Gemini spacecraft "Molly Brown" remained cloudy today, but Ranger 9 was given a clean bill of health for a launching Sunday to photograph the moon.

A cold front moved through the Cape Kennedy area, bringing cloudy but very changeable weather. A project meteorologist said prospects "must be considered less favorable than usual" for the inaugural flight of the Gemini program, which holds promise of recouping some of the prestige lost to the Russians when one of their astronauts left his spacecraft earlier this week.

The Gemini spaceship, a true flying machine, is designed to maneuver, to change its orbital path — something the Russians evidently have not yet accomplished.

The mission of astronauts Virgil I. Grissom and John W. Young is to test the new two-man craft. They will fly it backward and forward, even sideways, and alter their orbit up to 50 miles by firing jet-like thruster engines.

They planned to sit in on two reviews of the mission today, at the end of which a definite "go-no go" decision was to be given by project officials.

A Tuesday launch was questionable because heavy clouds were expected over the Cape that would prevent vital camera coverage of the Titan 2 booster's liftoff. Bad weather was also forecast for the Atlantic in the area where the space team would splash to a landing if they ran into trouble during launch.

Officials for the Ranger 9 project ran through a final status review of the mission today. They said two problems uncovered Friday during a mission simulation had been isolated. Both were in ground equipment, rather than the rocket, and both were corrected, they said.

They said Ranger and its Atlas-Agena booster are both ready. The countdown will begin at 7:15 a.m., Sunday with the launch scheduled in late afternoon. The weather was expected to be cloudy, with 12 miles an hour northeasterly winds. Both conditions were expected to be well within the minimums required for launching. These requirements are not as stringent as those for the Gemini project.

Ranger 9, last of the moon photography series, is scheduled for launch between 4:11 and 5:14 p.m. EST Sunday. Its target is the crater Alphonsus, estimated to be 10,000 feet deep and 50 to 60 miles across. Astronomers have spotted red glows in the crater and believe there might be volcanic action in the old hole on the moon.

Johnson Orders March Guarded

BULLETIN

MONTGOMERY, Ala. (AP) —Regular Army troops trained in riot control were flown into Maxwell Air Force Base today for use, if needed, in protecting civil rights demonstrators Sunday on a march from Selma to Montgomery.

JOHNSON CITY, Tex. (AP) — President Johnson today federalized the Alabama National Guard because of the danger of "domestic violence" during the planned five-day voting rights march from Selma to Montgomery, Ala.

Presidential Press Secretary George E. Reedy announced the decision during a pre-dawn news conference.

In a proclamation, the President said he took the action because "there is a substantial likelihood that domestic violence may occur in connection" with the march, scheduled to start Sunday.

Johnson previously had warned that he would federalize the Guard if Alabama Gov. George C. Wallace didn't.

Reedy didn't say, but it appeared that federal troops also might be used to augment the Alabama militia.

Johnson had said that if it were necessary for him to activate the Guardsmen, he would support them with whatever

Father Of 4 Attempts To Flee Home

William Snodgrass' Body Found Near Upstairs Window

A 24-year-old father of four, apparently groping in heavy smoke for a window to escape, was overcome and died of smoke inhalation Friday night in a fire which presumably was caused when he fell asleep while smoking on a livingroom sofa at his rented home.

William J. Snodgrass, 234 W. 3rd St., was pronounced dead by a Chester physician at the scene after firemen had removed his body from a second-floor bedroom and attempted to restore breathing by mouth-to-mouth resuscitation. He later was removed to City Hospital.

Ruled Smoke Inhalation

Dr. Roy C. Costello, deputy county coroner, ruled Mr. Snodgrass died from smoke inhalation.

He had suffered third degree burns, chiefly on the legs, after apparently being burned while on the sofa before fleeing upstairs.

It was the seventh area fire death this week. A West Point family of six died in a fire which destroyed their home early Monday.

Firemen said they had no report anyone was in the frame dwelling, owned by Howard Parsons, but began a check of the home while fighting the blaze, which had extended over the entire livingroom and part of the kitchen when they received the alarm at 10:29 p. m.

Body Unseen At First

Fireman Ciarence Snediker entered the upstairs bedroom through a window but did not spot Mr. Snodgrass at first and then was forced to leave because of the thick smoke.

Re-entering a few minutes later, he found the victim lying on the floor between the bed

Spring Says 'Snow Use' To Keep Date

Old Man Winter expired under a white shroud today and tender little Spring arrived but looked with dismay at more than an inch of snow and subfreezing temperatures.

And the State Highway Department said the accumulation may reach 3 inches as the Ohio forecast is for periods of light snow through Sunday and continued cold.

The Montgomery Dam at Ohioview reported 2 inches about noon, when skies started clearing.

State, county and city cindering crews were called out soon after the snowstorm moved into the county, about 2:30 a. m. on the west side, and about 4 in the Ohio Valley.

Officers at the Lisbon barracks of the Ohio Highway Patrol said roads in the area were snow covered and slippery. One officer termed driving "hazardous."

The state highway garage at Leetonia had all 16 crews out cindering and plowing at 3 a.m. and the Hancock County garage of the West Virginia Road Commission said it had six trucks out early today for ashing and graders and spreaders were

Firemen said they had no report anyone was in the frame dwelling, owned by Howard Parsons, but began a check of the home while fighting the blaze, which had extended over the entire livingroom and part of the kitchen when they received the alarm at 10:29 p. m.

Body Unseen At First

Fireman Clarence Snediker entered the upstairs bedroom through a window but did not spot Mr. Snodgrass at first and then was forced to leave because of the thick smoke.

Re-entering a few minutes later, he found the victim lying on the floor between the bed

Spring Says 'Snow Use' To Keep Date

Old Man Winter expired under a white shroud today and tender little Spring arrived but looked with dismay at more than an inch of snow and subfreezing temperatures.

And the State Highway Department said the accumulation may reach 3 inches as the Ohio forecast is for periods of light snow through Sunday and continued cold.

The Montgomery Dam at Ohioview reported 2 inches about noon, when skies started clearing.

State, county and city cindering crews were called out soon after the snowstorm moved into the county, about 2:30 a. m. on the west side, and about 4 in the Ohio Valley.

Officers at the Lisbon barracks of the Ohio Highway Patrol said roads in the area were snow covered and slippery. One officer termed driving "hazardous."

The state highway garage at Leetonia had all 16 crews out cindering and plowing at 3 a.m. and the Hancock County garage of the West Virginia Road Commission said it had six trucks out early today for ashing and graders and spreaders were

SPRING AND YOUR SEPTIC TANK

Surprising though it may seem, Spring, with its sunshine and showers, is just about the most critical time of year for owners of septic tanks.

To correctly understand the aforementioned statement it is first necessary to analyze the workings of septic tanks, and the effect of seasonal changes.

Your septic tank is a chamber wherein exists a complex of micro - organisms, each type equipped to handle and dispose of different types of waste material. Working as a team, these infinitesimal forms of life break down and liquefy the solids, leaving only a liquid which is free to run out for final disposal in your drainfield or drywell. Regularly activated, these living "garbage disposals" will normally keep up with the flow of waste, and your system will function properly. However, surveys show that during the spring season, more systems "back-up" and overflow than any other time of year, creating expensive and highly unsanitary conditions.

WHY???

The answer to that question is simply "temperature". Bacterial life dislikes temperature changes, and, since your septic tank has no heating system to keep things cozy that they can go about their work in comfort, they die off in millions and billions when winter arrives, leaving only a "skeleton crew" of weakened bacteria to handle the heavy loads. Consequently, as winter months pass slowly by, a build-up of undigested grease and solids occurs, clogging the tank and passing through to the disposal fields. Grease congeals and deposits in the pores of the soil, almost to the point of being beyond repair. Melting ice, snow, and spring showers add to the problem of increasing the amount of water entering the system.

HOW SEA-CAL ENZYMES HELP

The powerful digestive powers of the enzymes contained in SEA-CAL rapidly liquefy the hard grease packs in the septic tanks and drainfields, changing such grease and other solids into available food for the bacteria. SEA-Cal also contains 80,000,000 anerobic bacteria per gram (28 grams in each ounce), and with each bacteria reproducing itself many times a day, the micro-organism population as rapidly built up to adequate numbers, with the ultimate return of full operating efficiency.

IMPORTANT ! ! ! ! !

FOR THE BEST PROTECTION DURING SPRING, DOUBLE YOUR SEA-CAL TREATMENTS, PARTICULARLY WHERE TANKS ARE UNDERSIZE OR ARE SUBJECT OVERLOADS AND / OR AMOUNTS OF DETERGENTS AND BLEACHES.

Services will be held Monday at 2 p.m. at the Welch Funeral Home in Hookstown by the Rev. Robert Schondelmayer, minister of the Chester Christian Church. Burial will be in the Grandview Cemetery, Florence.

Friends may call at the funeral home after 7 tonight.

Mrs. Fay Jester

NEW CUMBERLAND — Mrs. Fay Stewart Jester of Charleston, W. Va., a former resident of New Cumberland, died early Friday morning at home after a brief illness.

Daughter of the late H. C. Stewart and Mary Bradley Stewart of New Cumberland, she was a member of the Christ Methodist Church there.

She is survived by three daughters, Mrs. James Thorn and Mrs. Mary Louise Condry, both of Charleston, and Mrs. Doris J. Graff of Arlington, Va.; two brothers, J. C. Stewart of Sarasota, Fla., and Dean D. Stewart of Oil City, and seven grandchildren and four great-grandchildren.

Services were to be held this afternoon at 4 at the Barlow-Bonsall Funeral Home at Charleston.

Local services will be held Sunday at 2 p. m. at the Turley Funeral Home by the Rev. Harry Light of Weirton. Burial will be in New Cumberland Cemetery.

Friends may call at the funeral home Sunday from 9 a.m. to the time of service.

Mrs. Emma Frazier

LISBON — Mrs. Emma Elsie Frazier, 307½ Pritchard Ave., died suddenly early Friday evening at her home, apparently of a heart attack. She was 74.

Born Feb. 22, 1891, in Saltsburg, Pa., to Harry Walton and Ella Mae Garris Walton, she resided in this vicinity over 20 years. She was a member of the Church of the Nazarene.

Her husband, Dual C. Frazier, died in 1944.

Survivors include a daughter, Mrs. Bernice Landsberger of Columbiana R.D.; a son, Ernest Stitt of East Liverpool; a stepdaughter, Mrs. Pearl Elkins of West Newton, Pa.; two sisters, Mrs. Mabel Felesky at home and Mrs. Robert Foster of Hialeah, Fla.; a brother, Homer Walton of Columbus, and seven grandchildren and seven great-grandchildren.

Services will be held Tuesday at 1 p.m. at the Henry Funeral Home by the Rev. Russell Long. Burial will be in Bloomfield Cemetery.

Friends may call at the funeral home Monday from 3 to 5 and 7 to 9 p. m.

Mrs. Heatherington

Mrs. Margaret Heatherington, 236 Carolina Ave., Chester, wife of Robert A. Heatherington, and a former potter, died of an apparent heart attack Friday at 2:30 p.m. at her home.

Mrs. Heatherington was born in Salineville to Hamilton McPherson and Anna Dougan McPherson, and resided in Chester since 1933.

She had been employed in the decorating shop of the Harker China Co. She was a member of the Sacred Heart Catholic Church of Chester, Lady Elks of East Liverpool and the IBOP.

In addition to her husband, she leaves a brother, David B. McPherson and a sister, Mrs. Walter (Ona) Westlake, both of Wellsville.

Services will be held Monday at 9 a. m. at the church by Fr. Eugene Jacobs. Burial will be in Woodland Cemetery, Salineville.

and a wall with the bed between him and the window. He was clad only in underclothing, firemen said.

Snediker dragged Mr. Snodgrass to the window where he was aided in getting him onto the roof by Fireman Ralph Chapman.

Hearing the firemen calling for aid, Asst. Chief Alfred Van Dyne, who was fighting the blaze downstairs, ascended the ladder and helped bring the victim down the ladder. The assistant chief then applied mouth-to-mouth resuscitation.

Mr. Snodgrass was alone at home. His wife had gone out and the four youngsters were at a neighbor's home when the fire broke out.

Second Floor Unscathed

The fire did not spread into the second floor. The only evidence of fire was a burned area around an open second - floor register which apparently burned while firemen were wetting down the blaze in the living-room.

However, there was heat damage in the kitchen and upstairs, firemen said.

Firemen praised the co-operation and aid of Police Lt. C. E. (Bill) Tice and five other officers.

About the time the fire alarm was phoned in, police were advised of a traffic mishap at W. 3rd and Jackson Sts. in which a Chester woman was hurrying to the police station to report the blaze.

The mishap involved an auto operated by Mable Cullifer, 65, of 925 Plutus Ave., Chester, and Michael Dotson, 17, of 715 Carolina Ave., also of Chester.

On Way To Report Fire

The woman told police she was making a left turn onto Jackson St. to reach the police department to report the fire. She said she saw the approaching auto but did not realize how close it was.

Dotson, who was headed west, told officers he saw the woman cut across the street in front of him and turned but the cars met in the middle of the street.

Mr. Snodgrass has been employed for the last three months as a laborer at the Parsons Coal Co.

He was born April 3, 1940, in Shippingport to William E. Snodgrass and Geraldine Moore Snodgrass, who now reside in East Liverpool.

Surviving are his widow, Mrs. Connie Sprout Snodgrass; a son, Thomas J. Snodgrass; three daughters, Catherine Arlene Snodgrass, Candie Lourie Snodgrass and Crystal Lynn Snodgrass; his parents, and six sisters, Mrs. George (Betty) James and Mrs. David (Bernice) Greathouse of East Liverpool, Mrs. Harry (Louise) Winkle of Monaca, Mrs. Charles (Doris) Starr of Warwood, W. Va., Mrs. George (Freda) Farnsworth of Lisbon and Mrs. Herman (Lena) Gibson of Deerfield, Ohio.

Services will be held Monday at 2 p. m. at the Martin Funeral Home by the Rev. Cecil Dotson, pastor of the Church of Christ in Sardis. Burial will be in Spring Grove Cemetery.

Friends may call Sunday at the funeral home.

Hopewell Township Buildings Hit By Fire

BEAVER — Flames gutted a pharmacy and caused damage to two other buildings in the Crestmont Shopping Center in Hopewell Township late Friday night.

Cause of the fire was not determined and there was no damage estimate, according to Lee Ramsey, fire chief.

The pharmacy and contents were destroyed, Figley's Hardware, located on one side, received fire and smoke damage and the Crestmont Dairy Store, on the other side, received extensive smoke damage.

The alarm was turned in about 11 p.m. but firemen were not able to bring the blaze under control until about 3 a.m. due to a lack of water.

There was only one fire hydrant available, Ramsey said. The shopping center consists of about 12 buildings.

regular military troops might be necessary.

And his order today provided that the Secretary of Defense could "use such armed forces of the United States as he may deem necessary."

It was the fifth time since 1957 that a president has federalized a state militia during a racial crisis. Alabama also was involved in two of the previous orders.

In calling up the Guard, Johnson issued two documents.

One was a proclamation setting forth the background and noting that Wallace had refused to provide protection for the marchers as directed by Federal Judge Frank M. Johnson Jr.

The other was an executive order giving the Secretary of Defense the necessary authority.

The order provided for the use of any or all of the state's Army and Air National Guard, thus raising the possibility that Negroes might be among the march protectors.

The National Guard Bureau in Washington said there are no Negroes in the Army Guard, but that the Air Guard includes two Negro members.

The march is meant to dramatize what civil rights leaders say is the state's discrimination against Negroes and their voting rights.

The 50-mile march originally was scheduled March 7. Alabama State Police used night sticks and tear gas to break it up almost as it began.

The federal court stepped in to order a temporary delay to the march after civil rights leaders had sought to get a court ban against any interference.

A second, brief march, led by the Rev. Dr. Martin Luther King Jr., was staged after the court order. It ended near Selma without violence.

The court subsequently decreed that the march could go on, and said that Wallace should provide protection to prevent violence.

Wallace then suggested that since a federal court had issued the order, the federal government should provide the protection.

In reply, Johnson said the governor could call up the Guard, but that if he were unwilling or unable to do so, the President would take that action.

Friday, Wallace said he was willing but that the estimated $360,000 cost of the protection wasn't within the state's means.

Reedy said Johnson, spending the weekend at his Texas ranch, awakened shortly after midnight today and discussed the matter by telephone with Atty. Gen. Nicholas Katzenbach and Deputy Secretary of Defense Cyrus R. Vance, then issued his order. The documents had been prepared previously in Washington.

He signed the proclamation at 1:27 a.m. CST and the executive order three minutes later.

The action wasn't revealed until about 5 a.m.

Wallace lost another bid to block the march Friday night.

A three-judge panel of the U.S. Court of Appeals in New Orleans denied a plea to delay the order allowing the march.

tors were refusing to worry about the weather. Operations director Christopher C. Kraft Jr. planned a briefing during the morning, and another during the afternoon — meetings in which he calls on project people in charge of the different phases of the mission to describe their state of preparedness.

Kraft said he would not take a hard look at the weather — a "to launch or not to launch" look — until Sunday.

Grissom and Young took part Friday in a simulation of their flight in order to give tracking station personnel around the world a final practice run.

It became clear that while the official name of the spacecraft is "Gemini 3," the unofficial name that will be used in communications during flight is "Molly Brown."

Astronauts gave the spacecraft the nickname — from the Broadway show and movie "The Unsinkable Molly Brown" — in pointed reference to the 38-year-old Grissom's Mercury capsule, Liberty Bell 7, which sank after his suborbital flight on July 21, 1961.

Street crews continued to ash city thoroughfares this morning after being called out at 2 a.m.

Another ash spreader will be put to work when one street department truck finishes hauling ashes, Safety - Service Director Robert E. Vodrey said.

The mercury dipped to about 20 in the downtown as the snow began accumulating and tonight's low may be a much colder 12 to 20. There will be very little warmup tomorrow with the below - freezing temperatures expected to continue.

The first day of spring was to begin at 3:05 this afternoon—according to the calendar.

tors were refusing to worry about the weather. Operations director Christopher C. Kraft Jr. planned a briefing during the morning, and another during the afternoon — meetings in which he calls on project people in charge of the different phases of the mission to describe their state of preparedness.

Kraft said he would not take a hard look at the weather — a "to launch or not to launch" look — until Sunday.

Grissom and Young took part Friday in a simulation of their flight in order to give tracking station personnel around the world a final practice run.

It became clear that while the official name of the spacecraft is "Gemini 3," the unofficial name that will be used in communications during flight is "Molly Brown."

Astronauts gave the spacecraft the nickname — from the Broadway show and movie "The Unsinkable Molly Brown" — in pointed reference to the 38-year-old Grissom's Mercury capsule, Liberty Bell 7, which sank after his suborbital flight on July 21, 1961.

Street crews continued to ash city thoroughfares this morning after being called out at 2 a.m.

Another ash spreader will be put to work when one street department truck finishes hauling ashes, Safety - Service Director Robert E. Vodrey said.

The mercury dipped to about 20 in the downtown as the snow began accumulating and tonight's low may be a much colder 12 to 20. There will be very little warmup tomorrow with the below - freezing temperatures expected to continue.

The first day of spring was to begin at 3:05 this afternoon—according to the calendar.

Meeting Sought April 5

Health Board To Caucus With Council On Merger

The Board of Health has decided to seek a caucus meeting with City Council on April 5 to ask approval of a resolution permitting the city board to merge with the County Health Department.

The health board already has unanimously approved the merger but the final approval must be given by Council. The health board acted after a joint meeting with county representatives early in February. The caucus decision was taken Thursday night.

Dr. J. Keith Rugh, chairman, read a letter from the State Health Department concerning a new type of influenza virus which is spreading across the country from the East Coast.

The board authorized Gene Smith, sanitary police officer, to attend a workshop on milk sanitation Monday through March 26 at Ohio State University. The workshop is being sponsored jointly by the health department and OSU.

Smith reported he had made 125 investigations and inspections since Feb. 18. Milk samples were satisfactory and no violations were found, he said.

Jack Boner, the other sanitarian, listed 101 investigations. He reported 116 permits have been issued to markets, service stations and other outlets handling milk, milk products and meats.

Miss Selma Ladzinske, health nurse, reported 176 visitations.

There were 45 males and 35 females born in the city since Feb. 18, Mrs. Luella Bevan, registrar of vital statistics, reported. She said there were 29 adult males, 20 adult females and three children who died in the same period.

Dr. C. M. Mayberry and Paul Zehnder were the other board members attending. C. Frank Dales and Mrs. Ila Finney Johnston were absent.

65-Year-Old Parent Of Four

New Philadelphia Woman Ohio's Mother Of Year

NEW PHILADELPHIA, Ohio (AP) — Ohio's Mother of the Year for 1965 is Mrs. Elizabeth H. Buchanan of New Philadelphia, 65-year - old parent of four.

Mrs. Buchanan, whose husband, William, is president of Buchanan Independent Oil Co. here, confirmed her selection by the Ohio Committee, American Mothers Committee, Inc., today.

"It is quite a thrilling thing," Mrs. Buchanan told The Associated Press when asked how it felt to receive such an honor. "But my first reaction was that so many other mothers deserve the honor much more than I do.

"I have no idea who put up my name, and wouldn't know why they did it.

"My husband takes 50 per cent of the credit," she continued, "and he deserves it."

Mrs. Buchanan will receive the Ohio laurels officially at a luncheon in Columbus April 9 and will compete for the title American Mother of the Year in New York May 1-7.

Mrs. Buchanan, a graduate of Denison University, said all four of her children graduated from the College of Wooster.

The oldest, Calvin, 40, a minister in Maumee, near Toledo, also holds a PH.D. from Edinburgh University.

Her daughters, Mary Duerig and Winifred West, each hold master's degrees—Mary from Western Reserve in Cleveland and Winifred frrom McCormick Seminary. Mrs. Duerig's husband, Paul, works with Buchanan Oil here, while Winifred lives with her husband, Joseph, in Chico, Calif.

The couple's youngest son, William Jr., 32, is head of Buchanan Oil operations at Jackson.

The Mother of the Year has 14 grandchildren.

Mrs. Buchanan has been active in church and civic work many years.

R. W. Smith Named In Jefferson Soil Post

Robert W. Smith has been named to succeed Russell C. Mills as soil conservationist for the Jefferson Soil and Water Conservation District, effective April 11.

Smith has served as soil conservationist in Henry County since February 1964. He also worked in Ashtabula and Summit Counties, and one summer in Delaware County as a student trainee. He received his bachelor's degree in 1962 from the Ohio State University. He is a native of Marion County.

Mills will become soil conservationist March 29 for the Preble Soil and Water Conservation District in Eaton.

3 Children, Left Alone, Die In Fire

HURON, Ohio (AP) — Three helpless children, left alone in a second-floor apartment, died at the window as fire built an inferno behind them Friday.

A neighbor put up a ladder to try to reach the window, but the ladder was too short.

"Save my babies!" cried Mrs. Kenneth Gilley, who had gone across the street to the home of a relative to hang out her wash.

Mrs. Gilley tried vainly to make her way through dense smoke on the stairway, but was beaten back.

Two of the children, Janet, 3, and Nedra, 2, "crawled across a couch to the window," said Ron Wheland, who drove an ambulance to the scene. "The little one (Timothy, 9 months) was in his crib at the window. He was clutching his doll."

Acting Police Chief Richard Olmstead said dense, black smoke and intense heat drove him back when he went across an adjoining garage and tried to get in at a second door to the apartment.

There was no outside fire escape by which help might have reached the children in time, according to Dr. Richard Blackann, deputy coroner.

The apartment was gutted in the frame and concrete block building in the Rye Beach area along Lake Erie.

Chester District Man Due Hearing

Hubert F. Powers of Chester R. D. 1 is scheduled for a hearing March 27 at 10 a. m. before Mayor Harry Abrams of Chester following an accident early Friday morning at Carolina Ave. and 1st St. in which he was arrested for driving while intoxicated.

Powers, driving east on Route 30 about 2:30 a. m., lost control of his auto, which climbed the curb, smashed a traffic sign, veered across the roadway and struck the front steps and wall of the home of Howard Ferguson, 107 Carolina Ave., police said.

Damages were estimated at $250 to the house and about $200 to the auto.

Powers, who was charged with drunken driving by Police Chief Harold Davis, posted $110 bond.

More Legal 'Tricks' Due In Ruby Case

DALLAS (AP) — Further legal maneuvering was assured today in the bizarre case of Jack Ruby, presumably still in state courts and possibly before the same judge who sentenced him to die.

Judge T. Whitfield Davidson of U.S. District Court refused Friday to take jurisdiction.

Then the condemned slayer of President Kennedy's assassin rose, with the court's permission, to deliver this bitter comment on the courtroom session:

"Nothing satisfied me. So what good did it do? You can't win."

Ruby made the remark during a 30-minute lecture on lawyers, conspiracies and sanity — one of his few public utterances since Nov. 24, 1963, when he shot Lee Harvey Oswald.

Lawyers for Ruby's family had asked the federal court to take jurisdiction, remove Joe Tonahill as a defense lawyer and disqualify District Judge Joe B. Brown, who heard the state court murder trial, for a sanity trial.

Judge Davidson simply turned the case back to the administrator of Texas' 1st Judicial District, Judge Dallas Blankenship of Dallas, for assignment to a state court.

Blankenship said later he would let Brown decide who should preside for the sanity trial.

LIGHT OR DARK WALLS?

There are straws in the wind today that indicate a style shift toward darker wall colors. If you wish to create a sophisticated mood in a very stylized urban room, then the muted colors of old book bindings, or the deep organic earth tones will serve your purpose well.

But if you respond more favorably to gay, cheerful, outgoing shades, chances are you will be happier with wall colors that suggest an open country mood, with deeper tones brought in as accents.

The feeling of airiness and freshness was achieved in the room sketched above with light, restful colors. Natural wood walls (ash) were cooled down by a brushing of pale aquamarine blue latex paint which tinted them to the desired shade without obscuring the wood grain. Carpet is the same shade as the walls.

This background proved to be the perfect foil for the Early American furniture and brings out the beauty of the maple tables and chair. Aquamarine blue appears again in the subtly printed draperies and on the sofa.

The entire area has been visually enlarged by painting the floor of the adjoining patio to match the carpet thus giving a continuous flow of color. Lounge chair has been upholstered in mustard-yellow picked up from the draperies.

There is nothing quite like a floor that is rich in color to give a room a feeling of style and comfort. Come in soon, choose from our large assortment of carpets in all the wanted colors.

We know that you want every piece of furniture in your home to work for you—to give you comfort, convenience, and long wear . . . as well as beauty. We have chosen every piece we offer you with this in mind. Come in soon . . . shop assured.

EAST LIVERPOOL REVIEW

A Dependable Newspaper Serving the Tri-State District

Welcome Addition Education-Wise

"East Liverpool now wants a branch campus and will support it."

Those were the words of Dr. John Millett of the Ohio Board of Regents when the board gave its approval Friday at Columbus to the establishment of a branch of Kent State University here.

An earlier educational venture of this nature failed here, for various reasons. Thus, Dr. Millett's reassuring words to the regents.

He is 100 per cent correct in his appraisal. The community does want the branch university and is prepared to make a go of it this time. Mistakes were made before, but the local committee in charge of the present program has taken steps to see that they are not repeated.

Although much planning remains, a long and productive stay can be predicted for the new branch university. It will be a welcome addition and a definite asset to the community.

Higher education will take on a new meaning for thousands in the Tri-State area as a result of the coming off-campus facilities. What has seemed out of reach now can become a reality for many. A "local" school will greatly cut 'down the staggering cost that goes with on-campus education.

The regents made no mistake in approving the branch university here. East Liverpool is ready to meet the challenge and expand the educational facilities it now offers.

Off Flies Another Splinter

Latest group to splinter off the main body of the Republican party is called the American Conservative Union.

It has a hard-core nucleus of 70 members, a budget, a plan, a direct-mail campaign to raise money and a spokesman, Donald Bruce, a former Republican congressman from Indiana.

Its purpose, according to spokesman Bruce, is to give a voice to Republican conservatives, though barring from its top command Birch Society members, presumably because their conservatism is of some other brand.

It will help elect Republican conservatives to office, lobby for conservative causes and enlist conservative - minded scholars and writers to develop and disseminate policies and programs for voters who turned away from the Goldwater leadership of the party in 1964 and are looking for something more acceptable.

Thus does the proliferation of Republican splinter groups continue.

Looking over the kindling pile that represents the diverse elements of Republicanism one finds Republicans for Progress, the Republican Coordinating Committee, the House Republican Conference, the Wednesday Club, the Republican Policy Committee and, of course, the Republican National Committee.

Or looking at individual leaders, one finds diversity ranging from Barry Goldwater to Margaret Chase Smith, from Richard Nixon to Nelson Rockefeller, from William W. Scranton to Dwight D. Eisenhower. There also are the Republican governors, with their diverse opinions.

There is nothing unusual in diversity itself.

Democratic diversity ranges from Alabama's Gov. Wallace to Vice President Humphrey and from Sen. Byrd to President Johnson. But, officially, Democrats are represented by the current leader of their party, Mr. Johnson, whereas Republicans now are represented by whichever spokesman is able to get a hearing.

And now, in addition to all the others, there is Donald Bruce, speaking for conservatives who are not Goldwaterites. The distinctions keep getting harder to define as the proliferation continues.

Amos Alonzo Stagg

It has been pointed out tactfully by the composers of his obituary notices that younger readers will have to take the word of older readers for the fact Amos Alonzo Stagg was one of the founders of modern football.

At the age of 102, after many long years of declining health, Coach Stagg had been enfolded in obscurity. But he was one of a handful of great coaches who converted football from a shoving contest between rival gangs into a game of intricate footwork, complex play patterns and highly organized intelligence. His stature in sports is indisputable.

What will football be like, one wonders, when coaches now at the peak of their skill have drifted into obscurity, perhaps to live long lives in the twilight of their careers?

If it were to change half as much as it changed between the beginning and end of Amos Stagg's career, it would be unrecognizable for today's fans — a game of endless maneuver, perhaps, like a Chinese battle, with the object of outwitting the opposition without ever actually encountering it.

There's Something Besides Pay

A sour reaction greeted a proposal in the U.S. House of Representatives to give the chief justice of the United States and his associates on the Supreme Court another pay increase. They were given $4,500 last year. This one would have been $3,000.

Members of the Supreme Court got their 1964 increase in the same pay-grab bill that took care of members of Congress and judges in lower federal courts.

Unfortunately, the sour reaction for the 1965 increase was based on the wounded feelings of legislators peeved at the Supreme Court for decisions it had made. It amounted to saying that congressmen reserved the right to punish judges for not deciding cases to suit legislators.

There was a valid reason for questioning the increase.

Members of the Supreme Court do not live in poverty. Justices receive $39,500 a year. The chief justice gets $40,000. All can retire at 70 with full pay and are not required to contribute any part of their salaries to a retirement fund. Their wives are entitled to pensions.

There is more to their jobs than the money they can make. Granted that they must have enough to live respectably—and they're getting it — the honor of sitting on the highest court is the real reward.

It is not known that any lawyer ever turned down a Supreme Court appointment because he could not afford it. That wuld be an unexpected and surprising reaction.

If all government positions are to be made subject to the rule that nothing is too good for public jobholders — that they are entitled to everything that can be squeezed out of the public purse — there can be no point of satiety.

Something besides pay is involved in public service in high positions. Or something should be.

Cotton Corners

Dear Nephew: Your aunt and I think you have a good idea about giving tender loving care to folks who have gone into shock over the civil rights revolution.

That's what it is — a revolution. And sure enough it's a shock.

Politicians in Washington trying to make it look as if they are in charge of it long ago knew they had been left behind by the parade.

Negro leaders finally grew tired of hearing the politicians talk, talk, talk and faced off with enforcers in the irreconcilable states of the South. Ever since, legislators have been trying to catch up to events — and they're still trying.

Negroes now have the momentum. For the first time since our peerless forefathers, the shrewd Yankee traders, operated the slave ships that brought them to this continent against their will, Negroes are putting white men on the defensive.

No wonder whites are in a state of shock, not only in the segregated South but the bigoted North. We hadn't thought of it here at the Corners as calling for tender, loving care, but we had been doing about the same thing you have been doing.

We have been making soothing noises and patting aching heads. There, there, it hurts, but it will be better soon. We'll rub it and make it well.

As a pair of old codgers, we have lived our lives in the tempest that has raged around this issue. We have clung stubbornly to a single point of view that is still in dispute, though the dispute should have ended before the turn of the century.

There is no state right to disregard a clear provision of the federal Constitution. This is our point of view.

The Constitution says Negroes are citizens and have a right to vote. That's all there is to it. Unless it's repealed, that's the law.

That's what it says and that's how it is going to be. Negroes aren't going to listen any more to talk about something that should have quit being a conversation piece when they were given citizenship and voting rights.

Whites who want to talk about it for another generation or two are frustrated. Their necks are red. They still aren't ready to accept the Constitution.

Negroes are tired of listening to them hash and haggle. The Negroes, have been the patient Marthas of this disgraceful runaround, but time has run out.

No one expects white supremacists, racists, bigots, Kluxers, segregationists and Southern enforcers and split-hair legalists to be happy about this. It's a blow to their arrogance. That's why they need tender, loving care.

As the onlookers said after the man had been knocked down and trampled to death by the horse he had been beating, "The argument's over."

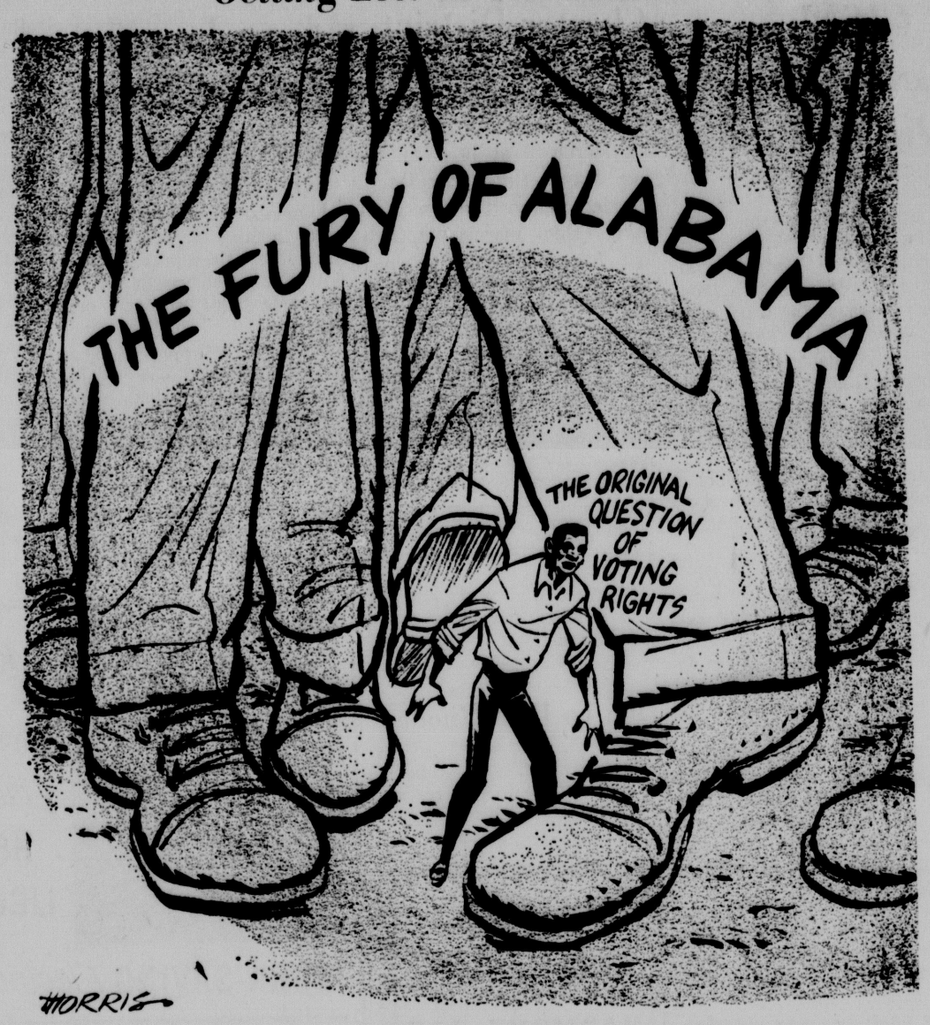
Getting Lost In The Shuffle



Reapportionment—Key To Package

By William S. Vance

COLUMBUS, Ohio — Reapportionment ... fractionalization ... gerrymandering.

These are the words bouncing off voters' ears as Republicans and Democrats mount the large battle here over realignment of the Ohio House of Representatives to comply with federal court orders.

IF YOU'RE accustomed to thinking in polysyllables and relish complex issues, this one is right up your alley.

But if that's the case, you're in a minority among Ohio voters. And by the time this partisan ruckus on reapportionment is over, even the most intelligent voter may be more than a little confused.

Reapportionment was a cloudy issue from the start when Republicans pushed their plan through the Ohio General Assembly in special session late last year.

That's the plan calling for appointment of an apportionment board with broad discretionary authority in doling out House seats on the basis of one representative for each 69,000 people — or thereabouts.

It will appear on May ballots as Issue No. 3 — the issue that Democrats, with a hefty assist from organized labor, are out to derail.

THE OPPOSITION blasts the GOP proposal as an invitation to gerrymandering — the practice of carving out weirdly shaped legislative districts for the sole purpose of strengthening one political party.

Democrats say this is certain to happen if Issue No. 3 passes because:

1. The apportionment board would be controlled by Republicans.

2. Counties of less than 69,000 population would have to be combined with all or part of adjoining counties to form legislative districts, providing almost unlimited opportunity for dealing a death blow to one party.

So it was, during the last week, that Democrats came up with a plan of their own to counter the GOP amendment.

It would guarantee each county at least one representative, attempting to meet the court's one man, one vote dictum by weighting the votes of each member.

THIS IS where the term "fractionalization" crops up.

Instead of using 69,000 as the population basis for a full vote, the Democrats propose 80,000. Representatives from counties with less than 80,000 population would have a fractional vote—a half vote for 40,000, 0.75 for 60,000 and so on. A representative from a county of more than 80,000 would have one vote plus a fraction.

Democrats who sponsored the resolution insist they are sincere in their effort, although some of their colleagues and supporters have said privately the plan is "an obvious sham."

Republicans say it is nothing more than an attempt to confuse things further in hope the voters will be so mixed up May 4 they'll send Issue No. 3 down the drain.

WHATEVER the merits or the reasoning behind it, the Democrats clearly have made Issue No. 3 the crucial vote in the statewide balloting.

Gov. James A. Rhodes, who has been stumping the state to plug all four proposed amendments, has an added burden now, as have GOP legislators who have been told to sell the issues to their constituents.

Schoolmarm Lament

By Terry Ferrer

There are now a record 1.1 million schoolmarms — twice as many as male teachers — but the ladies just don't want to be boss the way they used to be. Result: a plummeting drop in women school and college executives in the last 20 years.

In deploring the trend and urging more women to head up the executive ladder, the National Council of Administrative women in education revealed these statistics:

In 1939, there were 765 women superintendents and assistant superintendents of school. In 1962 — the last year figures are available — there are 222.

Women once dominated the field of elementary principals but their ratio had dropped from 56 per cent in 1951 to 37 per cent 10 years later — for a total of 10,374.

In the same decade, women principals in junior and senior high schools declined from 18 per cent to 3.8 per cent, with the latest total at a mere 375.

In 1928, eight of the 48 state superintendents of education were women. Now it's one among 50, Miss Harriet Miller of Montana.

ALTHOUGH the report gives no comparison with the past among college and university presidents, again there are few women. Of 1,495 presidents of four-year institutions, only 117 are women. Eight of these are nuns who head Catholic women's colleges.

Among presidents of two-year colleges, just 62 of 644 are women and all but 11 are religious heads of Catholic women's institutions.

And, the report continued, "in an era of burgeoning college enrollments, when 40 per cent of the Bachelor's degrees are awarded to women, why do women represent only 20 per cent of college and university faculties?" Further, why are only 25,000 of 140,000 college professors women?

The administrative women offer some of their own reasons. "Women lack career drive," their report said. "There is no doubt of the primacy of love, marriage and family in the plans of most young women, including the most scholarly and brilliant."

Besides the old marriage versus career fight, women are reluctant to take on the responsibilities of school administration. Some interrupt their careers to have children, or may prefer a deadhead job in the same community as their husbands, with no disruption of home life through moving to another town.

AND FEW WOMEN have enough higher education to handle the higher jobs. A National Education Association survey showed that of almost 1,500 teachers, only one tenth of 1 per cent had doctorates. Financing more higher education is difficult for some women — they are reluctant to borrow money and delay marriage to pay off their debts.

In addition few women are prepared for college teaching jobs where shortages are greatest, such as physics and mathematics.

But, the council report hastens to say, women administrators can do the job. A University of Florida study has shown that women principals operate more democratically than men 22 per cent of the time and that parents rank schools with women principals more effective than those with men.

It's time, said the council, to get rid of that idea that "woman's place is in the split-level home."

Progress Report

By Richard Krabach

Ohio Finance Director

This might be a proper time to update our previous interim for governmental economy and efficiency made by the Council for Reorganization of Ohio State Government (the Little Hoover Commission).

Of 511 specific recommendations, 316 are now completed or under way. Of the total 511 recommendations, 359 theoretically require solely executive action, 150 legislative action, one a constitutional amendment and the last, congressional action.

Of the 316 recommendations completed or under way, 291 are of the administrative variety and 25 legislative. There are 67 we either do not agree with or can't get agreement on, such as the State Library incident you mentioned.

This leaves 128, or about 25 per cent of the recommendations to go. Naturally, these are all tough ones and will be cut down one at a time.

Our goal in the beginning and we still hope to reach it, is to have action (or rejection with reasons) for each of the 511 recommendations by the opening date of the 107th General Assembly. This means having every project completed or under way and in the legislative area having the bills drafted with sponsors for those we hope to pass.

I wouldn't be factual if I inferred we could cover these last 128 actions any quicker.

We are already making plans for another assault on the recommendations not under way as soon as the legislature recesses and my management staff is free. Their time has been preempted with budget preparation and presentation since October.

By the budget and appropriation process we have begun more action on recommendations.

Since we started our program, we "saved" $7.5 million in general fund monies, which paid off the school foundation deficiency for this year.

We accumulated another $3.5 million that enabled us to give raises to most Mental Hygiene and Correction employes, as well as all the welfare case workers.

Our efforts in this program, along with an expanding economy, are allowing us to increase expenditures $200 million dollars in the coming biennium with no new or increased taxes.

The summary from our 1964 annual report gives insight into dollar savings: $7.7 million is going to education between now and June 30; $21 million in highway funds is being converted into more miles of highway; the Highway Safety money gave the Highway Patrol their first major pay increase in years; Wildlife funds are providing more fishing and hunting facilities and Liquor funds provided pay adjustments for liquor store employes.

A FIVE-YEAR profile on numbers of state employes gives one of the clearest pictures.

Excluding university employes there are fewer state employes in non-university positions than there were in 1961. It is only a few hundred higher than a year ago.

The number of university employes will expand greatly because of student increases and vast facility increases. This will be true to a lesser degree in Mental Hygiene and Correction and Highways, both due to program growth.

Of particular merit is the fact that the central administration departments of finance, taxation, personnel and public works will operate on less money in 1966 than they did particularly amenable to good management even though their duties and staffs are large and diverse.

Sen. Jim Thorpe of Alliance proposed on March 4 that the Legislative Service Comsion review the recommendations of Ohio's "Little Hoover Commission, with a view to putting more of them into effect.

He pointed out that many recommendations had been put into effect by executive order but that only a few of the more than 130 proposals requiring legislative action had been acted on.

Commenting on Sen. Thorpe's proposal, this newspaper said there was no clear idea throughout Ohio how much of the work of the people who served on the commission had been given a chance to show results and asserted:

"It would be an excellent move at this juncture to report to Ohioans what the Rhodes administration has accomplished in this direction ... The history of reports like the one made by the Little Hoover Commission is not reassuring. Many years ago, Ohio had another businessman report on the reorganization of its government — the Sherill Report, made during the administration of Gov. Martin L. Davey.

"The dust on the Sherrill Report must be six inches deep by this time. How about dusting off the Little Hoover Commission's report while its authors are still around to remember what it was all about?

Our comment has brought this communication from Richard L. Krabach, director of finance in the administration of Ohio Gov. James A. Rhodes.

Natural Resources will require less general revenue appropriation for 1966 than in 1962, due to basic reorganization and elimination of duplication.

Our total overhead expense is down to 8.8 cents of each general fund dollar. This overhead (general government) includes every item of operating expense other than Health, Education and Welfare. With this 8.8 cents we run the Judicial system, the Legislature, the elected officials, boards and commissions, special agencies and most cabinet departments.

We have periodically informed the members of the "Hoover Commission" and their employers of progress and their enthusiasm in many cases is greater today than when they worked on the project. If it weren't for the tremendous salary disparity some of the key people would enter state employment to help complete this task.

PROBABLY the greatest tribute to this group and the overall executive legislative effort are the facts that today we are solvent and two years ago we were broke in both money and spirit.

Today, we are filling major program needs, and two years ago we were cut to the bone.

Today, the state is on the move; two years ago we caught it slipping.

Today, we face another two years without tax increases. Two years ago they said it couldn't be done.

Your editorial is correct. Our internal effort and accomplishment hasn't been matched by broad reporting of what we have done, are doing and will do with the tremendous "Hoover Report."

Our department has been somewhat lax in thinking the public thinks a good job has been done because we know it has. This never happens.

You needn't fear dust collections. Our problem is that the dog-eared copies are getting hard to read.

Welcome Addition Education-Wise

"East Liverpool now wants a branch campus and will support it."

Those were the words of Dr. John Millett of the Ohio Board of Regents when the board gave its approval Friday at Columbus to the establishment of a branch of Kent State University here.

An earlier educational venture of this nature failed here, for various reasons. Thus, Dr. Millett's reassuring words to the regents.

He is 100 per cent correct in his appraisal. The community does want the branch university and is prepared to make a go of it this time. Mistakes were made before, but the local committee in charge of the present program has taken steps to see that they are not repeated.

Although much planning remains, a long and productive stay can be predicted for the new branch university. It will be a welcome addition and a definite asset to the community.

Higher education will take on a new meaning for thousands in the Tri-State area as a result of the coming off-campus facilities. What has seemed out of reach now can become a reality for many. A "local" school will greatly cut 'down the staggering cost that goes with on-campus education.

The regents made no mistake in approving the branch university here. East Liverpool is ready to meet the challenge and expand the educational facilities it now offers.

Off Flies Another Splinter

Latest group to splinter off the main body of the Republican party is called the American Conservative Union.

It has a hard-core nucleus of 70 members, a budget, a plan, a direct-mail campaign to raise money and a spokesman, Donald Bruce, a former Republican congressman from Indiana.

Its purpose, according to spokesman Bruce, is to give a voice to Republican conservatives, though barring from its top command Birch Society members, presumably because their conservatism is of some other brand.

It will help elect Republican conservatives to office, lobby for conservative causes and enlist conservative - minded scholars and writers to develop and disseminate policies and programs for voters who turned away from the Goldwater leadership of the party in 1964 and are looking for something more acceptable.

Thus does the proliferation of Republican splinter groups continue.

Looking over the kindling pile that represents the diverse elements of Republicanism one finds Republicans for Progress, the Republican Coordinating Committee, the House Republican Conference, the Wednesday Club, the Republican Policy Committee and, of course, the Republican National Committee.

Or looking at individual leaders, one finds diversity ranging from Barry Goldwater to Margaret Chase Smith, from Richard Nixon to Nelson Rockefeller, from William W. Scranton to Dwight D. Eisenhower. There also are the Republican governors, with their diverse opinions.

There is nothing unusual in diversity itself.

Democratic diversity ranges from Alabama's Gov. Wallace to Vice President Humphrey and from Sen. Byrd to President Johnson. But, officially, Democrats are represented by the current leader of their party, Mr. Johnson, whereas Republicans now are represented by whichever spokesman is able to get a hearing.

And now, in addition to all the others, there is Donald Bruce, speaking for conservatives who are not Goldwaterites. The distinctions keep getting harder to define as the proliferation continues.

Amos Alonzo Stagg

It has been pointed out tactfully by the composers of his obituary notices that younger readers will have to take the word of older readers for the fact Amos Alonzo Stagg was one of the founders of modern football.

At the age of 102, after many long years of declining health, Coach Stagg had been enfolded in obscurity. But he was one of a handful of great coaches who converted football from a shoving contest between rival gangs into a game of intricate footwork, complex play patterns and highly organized intelligence. His stature in sports is indisputable.

What will football be like, one wonders, when coaches now at the peak of their skill have drifted into obscurity, perhaps to live long lives in the twilight of their careers?

If it were to change half as much as it changed between the beginning and end of Amos Stagg's career, it would be unrecognizable for today's fans — a game of endless maneuver, perhaps, like a Chinese battle, with the object of outwitting the opposition without ever actually encountering it.

There's Something Besides Pay

A sour reaction greeted a proposal in the U.S. House of Representatives to give the chief justice of the United States and his associates on the Supreme Court another pay increase. They were given $4,500 last year. This one would have been $3,000.

Members of the Supreme Court got their 1964 increase in the same pay-grab bill that took care of members of Congress and judges in lower federal courts.

Unfortunately, the sour reaction for the 1965 increase was based on the wounded feelings of legislators peeved at the Supreme Court for decisions it had made. It amounted to saying that congressmen reserved the right to punish judges for not deciding cases to suit legislators.

There was a valid reason for questioning the increase.

Members of the Supreme Court do not live in poverty. Justices receive $39,500 a year. The chief justice gets $40,000. All can retire at 70 with full pay and are not required to contribute any part of their salaries to a retirement fund. Their wives are entitled to pensions.

Ohio Finance Director

This might be a proper time to update our previous interim for governmental economy and efficiency made by the Council for Reorganization of Ohio State Government (the Little Hoover Commission).

Of 511 specific recommendations, 316 are now completed or under way. Of the total 511 recommendations, 359 theoretically require solely executive action, 150 legislative action, one a constitutional amendment and the last, congressional action.

Of the 316 recommendations completed or under way, 291 are of the administrative variety and 25 legislative. There are 67 we either do not agree with or can't get agreement on, such as the State Library incident you mentioned.

This leaves 128, or about 25 per cent of the recommendations to go. Naturally, these are all tough ones and will be cut down one at a time.

Our goal in the beginning and we still hope to reach it, is to have action (or rejection with reasons) for each of the 511 recommendations by the opening date of the 107th General Assembly. This means having every project completed or under way and in the legislative area having the bills drafted with sponsors for those we hope to pass.

I wouldn't be factual if I inferred we could cover these last 128 actions any quicker.

We are already making plans for another assault on the recommendations not under way as soon as the legislature recesses and my management staff is free. Their time has been preempted with budget preparation and presentation since October.

By the budget and appropriation process we have begun more action on recommendations.

Since we started our program, we "saved" $7.5 million in general fund monies, which paid off the school foundation deficiency for this year.

We accumulated another $3.5 million that enabled us to give raises to most Mental Hygiene and Correction employes, as well as all the welfare case workers.

Our efforts in this program, along with an expanding economy, are allowing us to increase expenditures $200 million dollars in the coming biennium with no new or increased taxes.

The summary from our 1964 annual report gives insight into dollar savings: $7.7 million is going to education between now and June 30; $21 million in highway funds is being converted into more miles of highway; the Highway Safety money gave the Highway Patrol their first major pay increase in years; Wildlife funds are providing more fishing and hunting facilities and Liquor funds provided pay adjustments for liquor store employes.

A FIVE-YEAR profile on numbers of state employes gives one of the clearest pictures.

Excluding university employes there are fewer state employes in non-university positions than there were in 1961. It is only a few hundred higher than a year ago.

The number of university employes will expand greatly because of student increases and vast facility increases. This will be true to a lesser degree in Mental Hygiene and Correction and Highways, both due to program growth.

Of particular merit is the fact that the central administration departments of finance, taxation, personnel and public works will operate on less money in 1966 than they did particularly amenable to good management even though their duties and staffs are large and diverse.

Sen. Jim Thorpe of Alliance proposed on March 4 that the Legislative Service Comsion review the recommendations of Ohio's "Little Hoover Commission, with a view to putting more of them into effect.

He pointed out that many recommendations had been put into effect by executive order but that only a few of the more than 130 proposals requiring legislative action had been acted on.

Commenting on Sen. Thorpe's proposal, this newspaper said there was no clear idea throughout Ohio how much of the work of the people who served on the commission had been given a chance to show results and asserted:

"It would be an excellent move at this juncture to report to Ohioans what the Rhodes administration has accomplished in this direction ... The history of reports like the one made by the Little Hoover Commission is not reassuring. Many years ago, Ohio had another businessman report on the reorganization of its government — the Sherill Report, made during the administration of Gov. Martin L. Davey.

"The dust on the Sherrill Report must be six inches deep by this time. How about dusting off the Little Hoover Commission's report while its authors are still around to remember what it was all about?

Our comment has brought this communication from Richard L. Krabach, director of finance in the administration of Ohio Gov. James A. Rhodes.

Natural Resources will require less general revenue appropriation for 1966 than in 1962, due to basic reorganization and elimination of duplication.

Our total overhead expense is down to 8.8 cents of each general fund dollar. This overhead (general government) includes every item of operating expense other than Health, Education and Welfare. With this 8.8 cents we run the Judicial system, the Legislature, the elected officials, boards and commissions, special agencies and most cabinet departments.

We have periodically informed the members of the "Hoover Commission" and their employers of progress and their enthusiasm in many cases is greater today than when they worked on the project. If it weren't for the tremendous salary disparity some of the key people would enter state employment to help complete this task.

PROBABLY the greatest tribute to this group and the overall executive legislative effort are the facts that today we are solvent and two years ago we were broke in both money and spirit.

Today, we are filling major program needs, and two years ago we were cut to the bone.

Today, the state is on the move; two years ago we caught it slipping.

Today, we face another two years without tax increases. Two years ago they said it couldn't be done.

Your editorial is correct. Our internal effort and accomplishment hasn't been matched by broad reporting of what we have done, are doing and will do with the tremendous "Hoover Report."

Our department has been somewhat lax in thinking the public thinks a good job has been done because we know it has. This never happens.

You needn't fear dust collections. Our problem is that the dog-eared copies are getting hard to read.

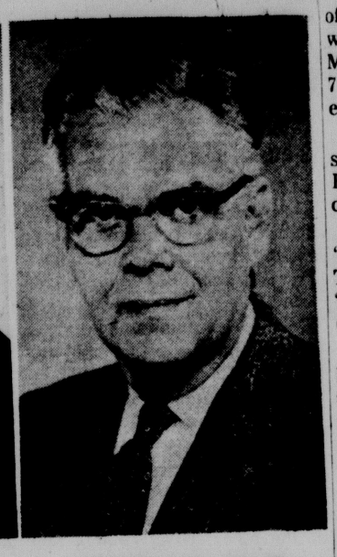
Bishop, Professor To Speak

Ministers' Convocation Planned

PROF. G. A. TURNER



BISHOP P. N. ELLIS

Bishop Paul N. Ellis of Indianapolis will be one of the speakers at the 12th Pittsburgh Conference Ministers' Convocation of the Free Methodist denomination Tuesday through Thursday at the Oakland church.

Dr. George A. Turner, professor of Biblical literature at Asbury Theological Seminary at Wilmore, Ky., also will speak.

—:—

BISHOP ELLIS, who was elected to the office by the 1964 General Conference, is a native of Birds, Ill., and served as superintendent of the Wabash Conference following 29 years in the ministry.

He was graduated from the University of Illinois at Urbana, and had graduate work in sociology. He studied Greek at Toronto (Ont.) Bible College.

Bishop Ellis has written half of the 12 quarters of study in the Senior Teen Light and Life Grade series, contributed to the Pulpit Digest and is author of a chapter on holiness. He also has authored numerous articles for church papers and magazines.

—:—

HE WAS a member of the General Conference five times, a member of the Board of Trustees of Greenville College for 10 years and a member of the Central Board of Ministerial training for four years. He is now serving as chairman of the Commission on Christian Education, the Central Board of Ministerial Training and the Executive Board of John Wesley Seminary.

Dr. Turner attended the former Chesboro Seminary at North Chili, N. Y., which is now Roberts Wesleyan College, and received degrees from Greenville College, Biblical Seminary in New York City and Harvard University.

—:—

DR. TURNER has been teaching Bible at Asbury Theological Seminary since 1945. He made five study trips to the Holy Land, and in 1961 made a round-the-world missionary lecture tour.

He is the author of three books and also the "Evangelical Commentary on John's Gospel 1964."

The Rev. J. S. Mitchell of Wellsburg, Rochester District superintendent, will preside at the opening session Tuesday, with registration at 1 p. m.

Bishop Ellis will speak on "The Pastor, a Man," at 1:45, followed with an address by Dr. Turner on "The Vision Which Transforms."

—:—

THE EVENING program will begin with a prayer hour led by the Rev. Harold Mitchell, pastor of the Rockville (Md.) church, followed with a sermon on "No Substitute for Victory" by Bishop Ellis. The Rev. E. W. Cowsert, Uniontown - Fairmont District superintendent, will be chairman.

The Rev. D. W. Harris, pastor of the Wellsburg church, will be chairman at Wednesday morning's session and Bishop Ellis will speak on "The Pastor, A Workman." Dr. Turner will discuss "The Subtlety of Sin."

The Rev. S. H. Estel, host pastor, will conduct a Pittsburgh Conference ministerial business session at 11:15 and lunch will follow at 11:45.

—:—

THE afternoon session will be under the chairmanship of the Rev. R. L. Armstrong, pastor of the Butler church. Bishop Ellis will speak at 1:45 on "The Pastor, a Prophet," and Dr. Turner will address the group at 3 on "The Entirety of Sanctification."

The evening program will begin at 7 with a prayer session led by the Rev. W. E. Hickey, pastor of the Mt. Washington church in Pittsburgh. "Strictly Human" will be Bishop Ellis' subject. The Rev. James Diddle of Spencerville, Md., superintendent of the Maryland - Virginia Conference, will serve as chairman.

The Rev. R. S. McGrew, former superintendent of the Rochester District and now pastor of the Fairmont church, will be in charge of the Thursday morning session. Bishop Ellis will discuss "The Pastor, a Priest," and Dr. Turner "The Fullness of the Spirit."

—:—

THE registration and entertainment committee is comprised of the Rev. C. D. Little of the First church, the Rev. W. M. Brown of First church in Wellsville, and the Rev. C. E. Plybon, Chester charge.

The Rev. D. D. Pershing of Apollo, will be in charge of the music and Rev. Estel, Rev. Mitchell and Joe Douglass, a layman of the New Brighton church, will be in charge of the convocation.

'Activists, Revolutionaries'

Pittsburgh Rabbi Hurls Charge At Student Group

PITTSBURGH (AP) — A rabbi has charged that leaders of the Student Nonviolent Coordinating Committee are "activists and revolutionaries" who want to cause trouble rather than further the civil rights movement.

Rabbi Richard L. Rubenstein, a University of Pittsburgh chaplain, told a student rally Friday that SNCC leaders invited college students to Montgomery, Ala., for a civil rights demonstration because "they wanted dead bodies, our bodies."

Rabbi Rubenstein accompanied about 130 Pittsburgh area students to Montgomery and was present when possemen on horseback broke up the demonstration with billy clubs Tuesday.

The rabbi told the rally, called by the National Association for the Advancement of Colored People, that SNCC executive secretary James Forman "lied to the Pittsburgh students and tried to use them."

Rabbi Rubenstein said Pittsburgh students went to Montgomery thinking that the demonstration would be nonviolent but were told by a SNCC leader the first night that "you may have to lay down your life in this demonstration."

Forman said "I don't want to get into a public hassle with anyone" but he said he questioned Rubenstein's motives in making the statements.

"I'm not surprised by what he said," Forman said. He said he had trouble with Rubenstein in Montgomery and that there was conflict between the rabbi and students in his group.

Eric Stern, president-elect of the student government at the University of Pittsburgh and a participant in the demonstrations, said, "we were not lied to by the leadership of SNCC in Montgomery."

Stern said at his home in Cleveland Heights, Ohio, the Pitt students who went to Montgomery were told of the dangers involved and given a chance to leave. None left, he said.

"We were assured by SNCC in Montgomery that police permission had been granted for demonstrations there," the rabbi said. "That was a lie. As we moved down the streets in the demonstrations, SNCC leaders went into a high school and asked children to leave their classes and join the demonstration. That was both immoral and illegal." He said the SNCC leaders did the same thing at a grammar school.

'Learning To Knit' Program For Lisbon Sunshine Group

"Learning to Knit" was the program presented by Mrs. William V. Ring, instructor, for the meeting of the Sunshine Club of Lisbon Thursday afternoon at the home of Mrs. Kenneth Clapsaddle of W. Washington St., with Mrs. Edwin Thompson assistant hostess. Fifteen attended.

115 At 'Prayer Breakfast' Hear Minister Of Pittsburgh

Approximately 115 attended the second annual "Mayor's Prayer Breakfast" this morning at the cafeteria of St. Aloysius Parochial School, modeled after the "President Prayer Breakfast" held in Washington.

C. Leroy Hacker, pastor of the Shiloh Community Baptist Church of Pittsburgh, was guest speaker and discussed "When Will We Learn?"

He stressed the importance of prayer and declared "it is well that community leaders turn to the healing power of prayer for it is in this direction that we as a nation will find an answer to our sickness."

He said he believes that it is fair to speak in terms of "sickness" when "we consider the fact that our crime is increasing, as well as unhappiness among individuals as measured by the increase of mental cases."

"It will take great people to make a great human society," he said in closing.

William H. Smith, general chairman of the event, introduced the speaker, and also gave the prayer and opening remarks. Mayor Merrill D. Hall and James Cunningham, Second Ward councilman, gave brief remarks.

Harry McConville was master of ceremonies. Municipal Judge Samuel Chertoff and Mrs. Dorothy Manypenny, director of the City Welfare Department, gave readings of the Old Testament and the New Testament, respectively. The invocation was given by Lawrence Zollinger and the benediction by the Rev. Charles W. Kampmeyer, pastor of St. John's Evangelical Lutheran Church, and president of the East Liverpool Ministerial Association.

Delmar T. O'Hara introduced the personnel at the head table.

A vocal selection, "The Lord Is My Light and Salvation," was presented by Harold Hardy, with Miss Peg Kinsey accompanist.

The breakfast was prepared and served by the Altar and Rosary Society of the church.

'Activists, Revolutionaries'

Pittsburgh Rabbi Hurls Charge At Student Group

PITTSBURGH (AP) — A rabbi has charged that leaders of the Student Nonviolent Coordinating Committee are "activists and revolutionaries" who want to cause trouble rather than further the civil rights movement.

Rabbi Richard L. Rubenstein, a University of Pittsburgh chaplain, told a student rally Friday that SNCC leaders invited college students to Montgomery, Ala., for a civil rights demonstration because "they wanted dead bodies, our bodies."

Rabbi Rubenstein accompanied about 130 Pittsburgh area students to Montgomery and was present when possemen on horseback broke up the demonstration with billy clubs Tuesday.

The rabbi told the rally, called by the National Association for the Advancement of Colored People, that SNCC executive secretary James Forman "lied to the Pittsburgh students and tried to use them."

Rabbi Rubenstein said Pittsburgh students went to Montgomery thinking that the demonstration would be nonviolent but were told by a SNCC leader the first night that "you may have to lay down your life in this demonstration."

Forman said "I don't want to get into a public hassle with anyone" but he said he questioned Rubenstein's motives in making the statements.

"I'm not surprised by what he said," Forman said. He said he had trouble with Rubenstein in Montgomery and that there was conflict between the rabbi and students in his group.

Eric Stern, president-elect of the student government at the University of Pittsburgh and a participant in the demonstrations, said, "we were not lied to by the leadership of SNCC in Montgomery."

Stern said at his home in Cleveland Heights, Ohio, the Pitt students who went to Montgomery were told of the dangers involved and given a chance to leave. None left, he said.

"We were assured by SNCC in Montgomery that police permission had been granted for demonstrations there," the rabbi said. "That was a lie. As we moved down the streets in the demonstrations, SNCC leaders went into a high school and asked children to leave their classes and join the demonstration. That was both immoral and illegal." He said the SNCC leaders did the same thing at a grammar school.

'Learning To Knit' Program For Lisbon Sunshine Group

Hospital Group Presents New Gift Shop Head

Mrs. J. W. Schoolnic was introduced as the new Gift Shop chairman of the City Hospital Women's Auxiliary when board members met Thursday afternoon at the Harker-Metsch Nurses' Home.

She outlined proposed changes for the layout of the shop as well as suggestions on methods of display and merchandising.

Mrs. Schoolnic assumed the chairmanship last month when Mrs. J. T. Hall resigned. Mrs. Hall and Mrs. Donald Shay, greeting card buyer, will assist Mrs. Schoolnic.

Mrs. William R. Kelly, president, opened the meeting with a prayer. Mrs. William Horger, treasurer, and Mrs. Richard Crable, recording secretary, reported. Standing committee reports were heard.

The nurses' recreation committee announced that student nurses had been taken by bus to Pittsburgh for a performance of "Any Wednesday" at the Nixon Theater. Mrs. E. S. Woolweaver Jr. and Miss Helen Ryan were in charge of arrangements.

The auxiliary's next meeting will be a Friendship tea honoring Twig members as a part of National Hospital Week celebration in May. An evening meeting in the Nurses Home is contemplated, Mrs. Kelly said.

Surgery Ruled Out To Separate Siamese Twins

HOUSTON, Tex. (AP)—Doctors have ruled out surgery for the Pantaleon family's Siamese twins from Puerto Rico because it would kill one of them.

Ruth and Dulce Pantaleon, 17 days old, have a common five-chamber heart, Dr. Buford Nichols, chief of Texas Children's Hospital Research Center, said Friday.

"At the present time, we would have to say one — Ruth — will die if they are separated," he told newsmen.

The Rev. George Springer of the Holy Ghost Catholic Church said: "The Church feels it is immoral to kill a child. The operation would be direct killing."

In San Juan the father said the decision "is pretty much up to" the doctors, adding: "This seems more a medical matter than of the Church."

80 At Midland Club Dinner Fete

Approximately 80 attended the Charter Night dinner - dance of the Midland Lions Club Thursday at Deramo's Restaurant.

Charter members present include Nile Wain, who is zone chairman, Truman Rodfong, Al Bahm, Nick Deramo, Maurice Newman, Ted Replane, Paul McGeehan, Louis Gengerella and Harry Hulton.

Among the guests were international directors and their wives, C. W. (Pop) Shanor of the Rochester Lions; Frank Elkin, Brighton Township; Wilbert (Wib) Rhell, Rochester, and Arthur French, Monaca. George Welch of Chippewa Township, deputy district governor, and his wife, were also introduced.

Rodfong, chairman of the program, presented Jack Haggerty, current president of the Lions Club, and his wife.

Dancing to the music of the George Chumara Combo followed. Next meeting will be held April 1.

4-H News

Sixty members of the Columbiana County Junior 4-H Leadership Club attended a meeting Thursday night at St. George's Parish Hall in Lisbon.

James Converse of Leetonia R.D., former president, was guest speaker. A senior "honor program" student in the College of Agriculture at Ohio State University, Converse narrated slides of Colombia, particularly slum areas of Bogota, the capital.

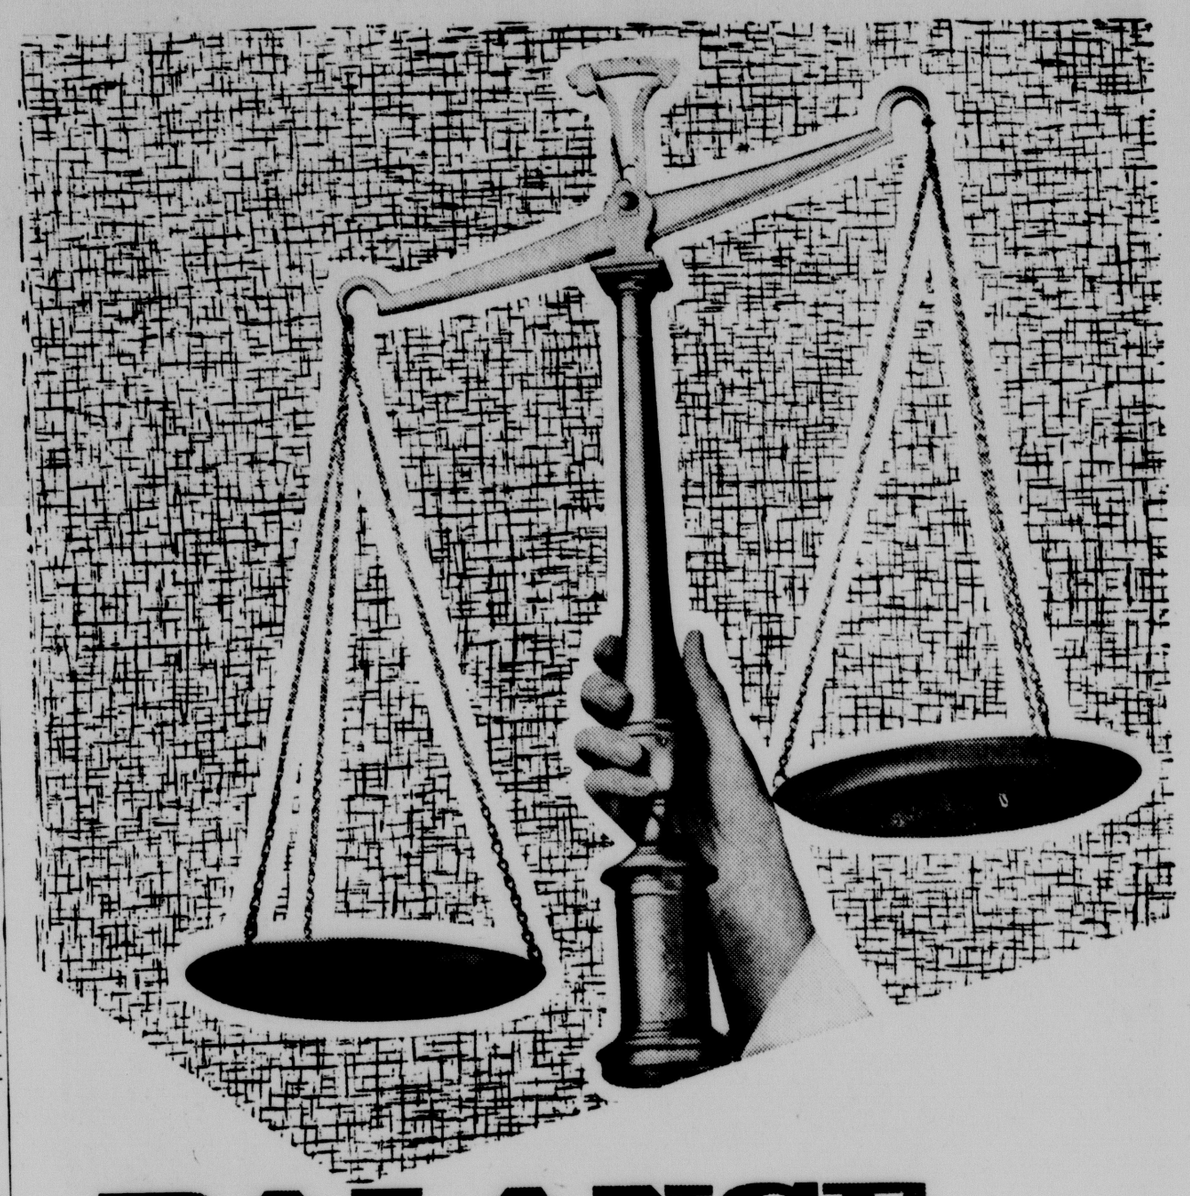
Converse was among several rural sociologists who made a survey of the Bogota slums over a six-month period last spring and summer.

He is the son of Mr. and Mrs. Curney Converse. Mrs. Converse is home economics agent in the Mahoning County Extension Service office.

Richard Duke of Leetonia, president, presided. A social hour and refreshments followed.

The Elkrun Rangers 4-H Club of Elkton met Thursday night at the home of Ricky Milhoan.

The history of 4-H was discussed. A group discussion was held on swine raising. The next meeting wil be with John Mattern of the Lisbon - Fairfield Rd.



BALANCE

It is said of a certain friend of ours that he went *off the deep end.*

Strange expression, that! It can mean that a person had a mental breakdown, or that he became a sort of fanatic; or it can mean simply that he got too interested in one thing to the exclusion of other important matters.

And the very fact that our generation has coined such an idiom is indicative of the fact that we see such tragedy every day.

One of the vital contributions of religion to life is its gift of balance. The knowledge of God helps a man see all else in its proper perspective.

In a day when millions are caught in turbulent crosscurrents, *faith* points to the true center of existence . . . *worship* steadies the mind and heart!

Hospital Group Presents New Gift Shop Head

Mrs. J. W. Schoolnic was introduced as the new Gift Shop chairman of the City Hospital Women's Auxiliary when board members met Thursday afternoon at the Harker-Metsch Nurses' Home.

She outlined proposed changes for the layout of the shop as well as suggestions on methods of display and merchandising.

Mrs. Schoolnic assumed the chairmanship last month when Mrs. J. T. Hall resigned. Mrs. Hall and Mrs. Donald Shay, greeting card buyer, will assist Mrs. Schoolnic.

Mrs. William R. Kelly, president, opened the meeting with a prayer. Mrs. William Horger, treasurer, and Mrs. Richard Crable, recording secretary, reported. Standing committee reports were heard.

The nurses' recreation committee announced that student nurses had been taken by bus to Pittsburgh for a performance of "Any Wednesday" at the Nixon Theater. Mrs. E. S. Woolweaver Jr. and Miss Helen Ryan were in charge of arrangements.

The auxiliary's next meeting will be a Friendship tea honoring Twig members as a part of National Hospital Week celebration in May. An evening meeting in the Nurses Home is contemplated, Mrs. Kelly said.

Surgery Ruled Out To Separate Siamese Twins

HOUSTON, Tex. (AP)—Doctors have ruled out surgery for the Pantaleon family's Siamese twins from Puerto Rico because it would kill one of them.

Ruth and Dulce Pantaleon, 17 days old, have a common five-chamber heart, Dr. Buford Nichols, chief of Texas Children's Hospital Research Center, said Friday.

"At the present time, we would have to say one — Ruth — will die if they are separated," he told newsmen.

The Rev. George Springer of the Holy Ghost Catholic Church said: "The Church feels it is immoral to kill a child. The operation would be direct killing."

In San Juan the father said the decision "is pretty much up to" the doctors, adding: "This seems more a medical matter than of the Church."

80 At Midland Club Dinner Fete

Approximately 80 attended the Charter Night dinner - dance of the Midland Lions Club Thursday at Deramo's Restaurant.

Charter members present include Nile Wain, who is zone chairman, Truman Rodfong, Al Bahm, Nick Deramo, Maurice Newman, Ted Replane, Paul McGeehan, Louis Gengerella and Harry Hulton.

Among the guests were international directors and their wives, C. W. (Pop) Shanor of the Rochester Lions; Frank Elkin, Brighton Township; Wilbert (Wib) Rhell, Rochester, and Arthur French, Monaca. George Welch of Chippewa Township, deputy district governor, and his wife, were also introduced.

Rodfong, chairman of the program, presented Jack Haggerty, current president of the Lions Club, and his wife.

Dancing to the music of the George Chumara Combo followed. Next meeting will be held April 1.

4-H News

Sixty members of the Columbiana County Junior 4-H Leadership Club attended a meeting Thursday night at St. George's Parish Hall in Lisbon.

James Converse of Leetonia R.D., former president, was guest speaker. A senior "honor program" student in the College of Agriculture at Ohio State University, Converse narrated slides of Colombia, particularly slum areas of Bogota, the capital.

Converse was among several rural sociologists who made a survey of the Bogota slums over a six-month period last spring and summer.

He is the son of Mr. and Mrs. Curney Converse. Mrs. Converse is home economics agent in the Mahoning County Extension Service office.

Richard Duke of Leetonia, president, presided. A social hour and refreshments followed.

The Elkrun Rangers 4-H Club of Elkton met Thursday night at the home of Ricky Milhoan.

The history of 4-H was discussed. A group discussion was held on swine raising. The next meeting wil be with John Mattern of the Lisbon - Fairfield Rd.

BALANCE

It is said of a certain friend of ours that he went *off the deep end.*

Strange expression, that! It can mean that a person had a mental breakdown, or that he became a sort of fanatic; or it can mean simply that he got too interested in one thing to the exclusion of other important matters.

And the very fact that our generation has coined such an idiom is indicative of the fact that we see such tragedy every day.

One of the vital contributions of religion to life is its gift of balance. The knowledge of God helps a man see all else in its proper perspective.

In a day when millions are caught in turbulent crosscurrents, *faith* points to the true center of existence . . . *worship* steadies the mind and heart!

Season's Signs Plentiful

Spring Has Sprung!

Although today's snow is hiding the crocuses and the hint of green on the hills, winter is finished.

Spring arrived today at 3:05 p. m., officially.

But its portents have been apparent in the Tri-State District since the maple water began to run back in February.

Golfers have been swinging clubs, the gals have long been checking fashion trends, and vacation plans have been in the making for weeks.

Pupils are restless in afternoon classes. Garden experts are impatient for their seasonal activity. Boaters and fishermen eye preparations for water adventure.

Drive-In theaters are opening, dairy stores are already busy, home improvement projects are well into the planning stage.

Kites fly high against blue skies, boys' pockets click with accumulating marbles, motor-

scooters roar along suburban streets, girls skip rope or dance to the intricacies of hopscotch.

Boastful baseball predictions are made as work lags, the basic concern in secondary education is who is going with whom to the prom, dogs find the outdoor full of captivating scents and interests.

But if spring comes, can crabgrass, mosquitoes and summer's humidity be far behind?

No matter. Spring has sprung, young men's fancies are waiting to be flung, young women are eager for songs of romance to be sung. 'Tis the season to be frolicking and casting off winter's dour visage.

But wait, don't rush off for a woodsy hike or a dip in the old swimmin' hole. As Henry VanDyke wrote:

The first day of spring is one thing, and the first spring day is another. The difference between them is sometimes as great as a month.

Eddie Fryer of Route 30 flies a kite at the Chester Primary School to the joy of Mark Cooper of Florida Ave. left, and James Doak of Phoenix Ave.

Hopscotch catches the fancy of Pamela Flaim, left, and Lisa Tarbuk, the second graders at the 7th St. School at Midland, as they welcome the warm sunshine of spring.

Carpet Beater Sounded End Of Winter In Years Gone By

By ROBERT POPP

In this age of central heating and air conditioning, brilliant artificial light and—yes—thermal underwear, the passing of one season and the advent of another might go unnoticed if it were not for a reminder on the calendar.

But the generation that now stands on the approaches to middle age can remember all those delicious signs and portents of spring when life was newer and nobody had mastered the trick of controlling heat and humidity with the twist of a dial.

Spring meant work, too, for every member of the household, but it was made more palatable by the thought it marked the fading of winter's gloom and the return of brighter, warmer days.

THE SOUND OF THE carpet beater was heard throughout the land, as disconsolate small boys whacked away to thresh the dust out of the parlor rug.

Furniture was lifted and moved temporarily and the ring of tacks encircling the rug was extracted laboriously. Then it was rolled—exposing the padding of old newspapers beneath—and carried outside to a clothesline for its annual beating.

Electric vacuum cleaners were unknown in those days, although there were so-called carpet sweepers that got all their motive and cleaning power from the housewife's strong arm.

While the younger generation hammered at the carpet in the back yard, the woman of the house and her daughters set to work to scrub the premises from top to bottom with an all-purpose cleaner generally comprised of liberal amounts of ammonia, hot water and strong yellow soap, with a little lye thrown in at times for the particularly troublesome spots.

The carpet beater, now passed into limbo, resembled an oversize, unfinished tennis racket. It had a wooden handle holding a scrollwork of heavy gauge wire that rang against the carpet with a report like a rifle shot—if the boy pressed into service showed commendable energy.

IT WAS A TIME, too, for mother and father to study the garishly-printed seed catalogs and decide what vegetables would go into the kitchen garden.

Although the seeds of some of the prized vegetables were dried and saved from year to year, others needed annual replenishment, including corn, beans, peas, carrots, radishes and the like.

Spring plowing was in line for the families that occupied honest-to-goodness farms. It meant the cattle could be turned out to pasture after a long winter in the barn. But, by golly, you had to be sure Old Bossy didn't graze on some greening polk plant or elderberry leaves that would taint her milk so that one had to hold his nose to drink it.

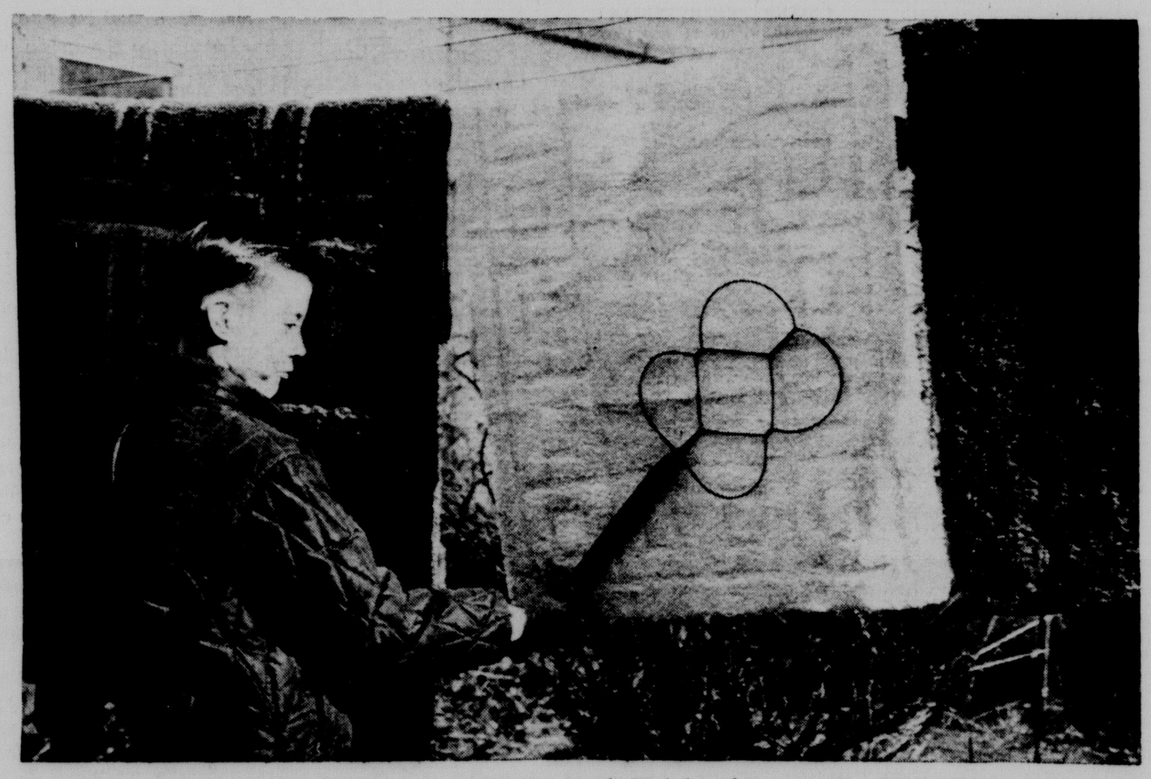
SPRING WAS A TIME, too, when the venerable members of the clan concocted a dose of sulphur and molasses for a purgative that annually signaled the arrival of the vernal equinox.

The youngsters, though they might be subjected to the nauseous dose, preferred to chew on sassafras bark when the sap started up the trees again. And there were dandelion greens to be cut for a spring pick-me-up.

As the sun grew brighter the long underwear began to itch, particularly if it was the old-fashioned wooly variety that seemed to be compounded of equal parts of sandpaper and carborundum. It was a time to dream of the first illicit dips in the ole swimmin' hole and think of the joys of walking barefoot through dew-covered grass — free of nettles and thistles, of course.

Boys borrowed wrapping paper from Mom and persuaded her to mix flour-and-water paste for the annual job of constructing a kite that would ride high on the March winds.

A store-bought kite was a novelty because even the smallest cost a nickel and some city-bred suckers were known to pay as high as 10 or 15 cents for a particularly vivid model.



Classic form in whacking a rug is shown by Mark Wright of 316 1st St., Wellsville, a fifth grade student at MacDonald School, with a beater provided by Mrs. Bruce Hoffman of 861 Broadway, Wellsville.

SOON THE LAST apples in the bottom of the barrel in the cellar would begin to taste soggy. And tremendous inroads had been made into the heavy ranks of canned goods lining the shelves. The potatoes, by this time, were noticeably smaller and given to turning brown when cooked.

Those cautious automobile owners who thought motoring was a summertime thing would begin planning to take the model T down off the blocks in the machine shed and replace the tires that had been removed as a precaution against dry rot.

Spring meant an end to priming the pump outside with boiling water on sub-zero mornings. Frogs would begin croaking again along the creeks and in the ponds.

Season's Signs Plentiful

Spring Has Sprung!

Although today's snow is hiding the crocuses and the hint of green on the hills, winter is finished.

Spring arrived today at 3:05 p. m., officially.

But its portents have been apparent in the Tri-State District since the maple water began to run back in February.

Golfers have been swinging clubs, the gals have long been checking fashion trends, and vacation plans have been in the making for weeks.

Pupils are restless in afternoon classes. Garden experts are impatient for their seasonal activity. Boaters and fishermen eye preparations for water adventure.

Drive-In theaters are opening, dairy stores are already busy, home improvement projects are well into the planning stage.

scooters roar along suburban streets, girls skip rope or dance to the intricacies of hopscotch.

Boastful baseball predictions are made as work lags, the basic concern in secondary education is who is going with whom to the prom, dogs find the outdoor full of captivating scents and interests.

But if spring comes, can crabgrass, mosquitoes and summer's humidity be far behind?

No matter. Spring has sprung, young men's fancies are waiting to be flung, young women are eager for songs of romance to be sung. 'Tis the season to be frolicking and casting off winter's dour visage.

But wait, don't rush off for a woodsy hike or a dip in the old swimmin' hole. As Henry VanDyke wrote:

The first day of spring is one thing, and the first spring day is another. The difference between them is sometimes as great as a month.

Carpet Beater Sounded End Of Winter In Years Gone By

By ROBERT POPP

In this age of central heating and air conditioning, brilliant artificial light and—yes—thermal underwear, the passing of one season and the advent of another might go unnoticed if it were not for a reminder on the calendar.

But the generation that now stands on the approaches to middle age can remember all those delicious signs and portents of spring when life was newer and nobody had mastered the trick of controlling heat and humidity with the twist of a dial.

Spring meant work, too, for every member of the household, but it was made more palatable by the thought it marked the fading of winter's gloom and the return of brighter, warmer days.

THE SOUND OF THE carpet beater was heard throughout the land, as disconsolate small boys whacked away to thresh the dust out of the parlor rug.

Furniture was lifted and moved temporarily and the ring of tacks encircling the rug was extracted laboriously. Then it was rolled—exposing the padding of old newspapers beneath—and carried outside to a clothesline for its annual beating.

Electric vacuum cleaners were unknown in those days, although there were so-called carpet sweepers that got all their motive and cleaning power from the housewife's strong arm.

While the younger generation hammered at the carpet in the back yard, the woman of the house and her daughters set to work to scrub the premises from top to bottom with an all-purpose cleaner generally comprised of liberal amounts of ammonia, hot water and strong yellow soap, with a little lye thrown in at times for the particularly troublesome spots.

The carpet beater, now passed into limbo, resembled an oversize, unfinished tennis racket. It had a wooden handle holding a scrollwork of heavy gauge wire that rang against the carpet with a report like a rifle shot—if the boy pressed into service showed commendable energy.

IT WAS A TIME, too, for mother and father to study the garishly-printed seed catalogs and decide what vegetables would go into the kitchen garden.

Although the seeds of some of the prized vegetables were dried and saved from year to year, others needed annual replenishment, including corn, beans, peas, carrots, radishes and the like.

Spring plowing was in line for the families that occupied honest-to-goodness farms. It meant the cattle could be turned out to pasture after a long winter in the barn. But, by golly, you had to be sure Old Bossy didn't graze on some greening polk plant or elderberry leaves that would taint her milk so that one had to hold his nose to drink it.

SPRING WAS A TIME, too, when the venerable members of the clan concocted a dose of sulphur and molasses for a purgative that annually signaled the arrival of the vernal equinox.

The youngsters, though they might be subjected to the nauseous dose, preferred to chew on sassafras bark when the sap started up the trees again. And there were dandelion greens to be cut for a spring pick-me-up.

As the sun grew brighter the long underwear began to itch, particularly if it was the old-fashioned wooly variety that seemed to be compounded of equal parts of sandpaper and carborundum. It was a time to dream of the first illicit dips in the ole swimmin' hole and think of the joys of walking barefoot through dew-covered grass — free of nettles and thistles, of course.

Boys borrowed wrapping paper from Mom and persuaded her to mix flour-and-water paste for the annual job of constructing a kite that would ride high on the March winds.

A store-bought kite was a novelty because even the smallest cost a nickel and some city-bred suckers were known to pay as high as 10 or 15 cents for a particularly vivid model.

SOON THE LAST apples in the bottom of the barrel in the cellar would begin to taste soggy. And tremendous inroads had been made into the heavy ranks of canned goods lining the shelves. The potatoes, by this time, were noticeably smaller and given to turning brown when cooked.

Those cautious automobile owners who thought motoring was a summertime thing would begin planning to take the model T down off the blocks in the machine shed and replace the tires that had been removed as a precaution against dry rot.

Spring meant an end to priming the pump outside with boiling water on sub-zero mornings. Frogs would begin croaking again along the creeks and in the ponds.

The faithful coal heater in the livingroom would be cleaned of ashes and soot and given a last spring coating of stove polish, a greasy black material in stick form that gave off a devilish odor when applied to a hot surface.

These were the sounds and smells and dreams of spring,

Gemini Project Aided By Tri-State Titanium

By BYRON EELLS

As the first Gemini spacecraft hurtles into orbit at four miles to a heartbeat next Tuesday from Cape Kennedy, the Tri-State District, for years part of America's "Ruhr", will be projected more and more into the space age through its newest industry — titanium — which experts said died in 1957.

Two East Liverpool neighbors are playing vital roles in the Gemini series, another step toward landing men on the moon in the next decade.

"Molly Brown," which will bear Astronauts Virgil Grissom and John W. Young on a three-orbit flight, is made of titanium produced at the Toronto facility of Titanium Metals Corp. of America (Timet)—the oldest firm in the industry and the only one to specialize exclusively in the light, tough metal—and at the titanium division of the Midland Works of the Crucible Steel Co.

Timet claims it is not nervous about the approaching flight, explaining it has been through the "pressure cooker" six times in the Mercury series. "We know our part works," an employe at the Toronto plant said succin ctly.

THE 15TH BIRTHDAY of the industry this year coincides with the organization of Titanium Metals, which took over the old Follansbee plant on Route 7 in 1957.

Earl Neeb, plant manager who was the first Timet employe on the Toronto scene, recalls, "Experts thought we had gone mad when we elected to open our plant in November, 1957.

"The industry was caught in the midst of a depression so punishing that shipments had fallen to about 6 per cent of capacity. We felt that if titanium could be made better, it could be sold cheaper and would survive.

"The rest is history — three expansions since 1961, employment past the 900 mark and an annual payroll exceeding $6 million."

The experts who wrote titanium's obituary in 1957 now are talking about 2,000 mile an hour titanium airplanes, deep diving titanium submarines and conversion of salt water to fresh by virtue of the metal.

NEARLY FOUR times as costly as stainless steel, the price of titanium still is considered a deterrent to widespread use. Crucible points out the metal has been used primarily by the aircraft and aerospace industries, but it is growing in importance in nonmilitary applications, particularly in the chemical industry.

However, the price is a whopping 56 per cent less now than it was when Timet announced plans to move into the Ohio Valley. "The price trend is down, and we feel our work at Toronto has played a key role," Neeb said.

The advent of the space age meant that titanium literally "had found a home" since it is as strong as steel but weighs only half as much and can withstand the tremendous stress and heats in the launch and re-entry portions of the space flights.

It has a melting point of 3,272 degrees Fahrenheit, compared to 1,220 degrees for aluminum.

THE METAL proved it could "take it" in Alan Shepard's first flight May 5, 1961.

McDonnell Aircraft Crop., which built Shepard's Mercury capsule, was assigned to design and build the two - man Gemini capsule.

Five different grades and several product forms of titanium were used. Crucible points out the main gear of the tricycle landing gear, for example, is forged from a titanium grade which has an ultimate tensile strength of 160,000 pounds per square inch.

Titanium also is used in the pressure vessels of the propulsion system and to fabricate the solid propellant rocket cases that will slow the Gemini sufficiently to bring it back into the earth's atmosphere.

The pressurized crew compartment is composed of two titanium sheets, spot and seam welded together.

MUCH OF THE metal employed in the capsule construction is so thin that 100 sheets would make a pile only one inch high, Timet points out. The thin-gage titanium currently is produced in Brackenridge, Pa., but will be produced in Toronto when new strip facilities begin operation, part of the expansion program.

Crucible explains the metal is made from titanium sponge which, with other ingredients, is compressed into briquets. These are melted in a vacuum electric arc furnace into ingots.

Ingots are forged into slabs, then rolled into coils or bars, according to the customer's demands.

Neeb says Timet has grown because of the quality of its product. "We're small enough that we can work in the pounds required by project managers dealing in limited productions that are part and parcel of space travel.

"But our equipment is so advanced and our experience in titanium so extensive that companies manufacturing items on which national prestige is based can bank on us."

Although discovered by Gregor in 1789, titanium is relatively new among metals. It is found in combination in many minerals, its chief ores being ilmenite and rutile.

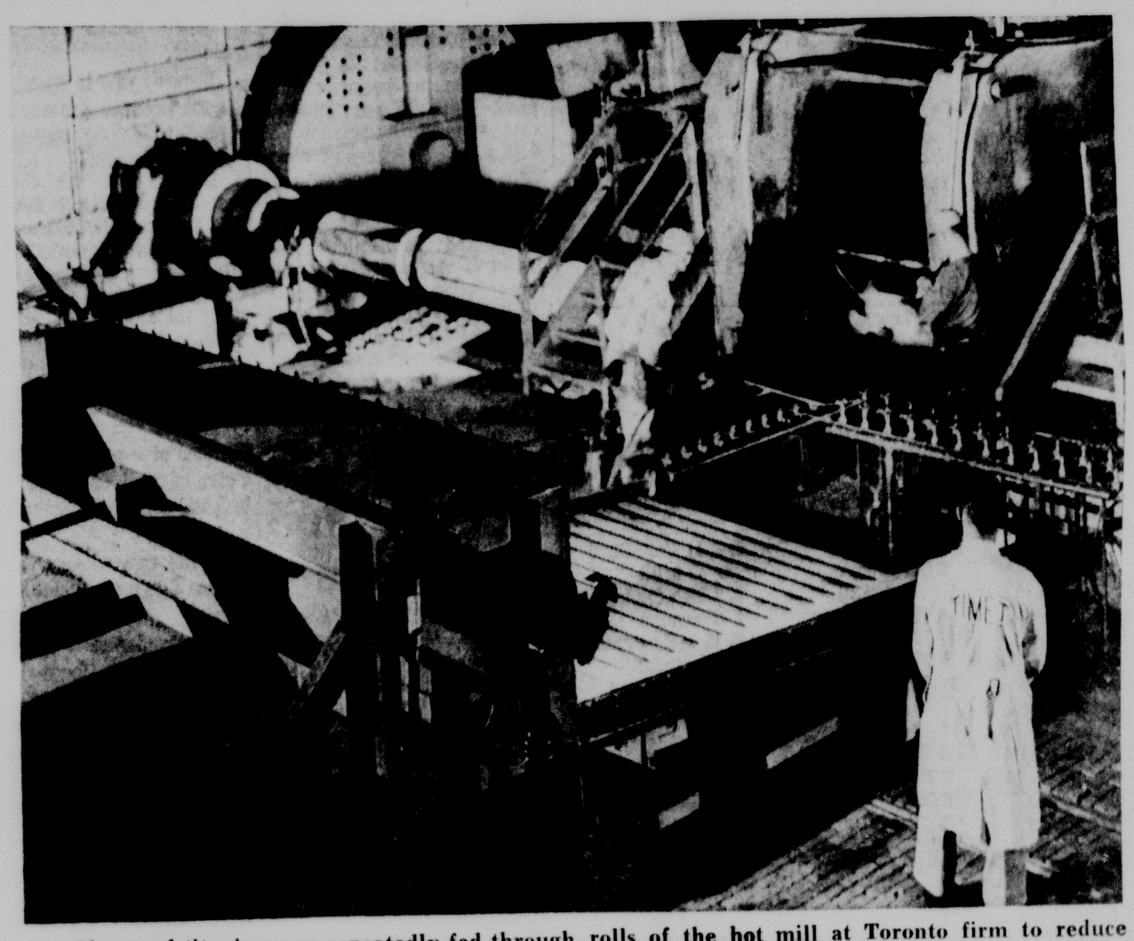
IT HAS BEEN used as a constituent of certain alloys, and titanium compounds are in use as pigments, mordants, dyes and arc electrodes.

Crucible played an important role in its early development and processing when it formed Rem-Cru with the Remington Arms Co. in 1950 and became sole owner in 1957.

When the Gemini capsule vaults into history at a breathtaking speed of 18,000 miles an hour, no one will be watching more interestedly than those men at Crucible and Timet whose work played a major role in the flight.

Titanium Made In Area Plants Was Used In This Gemini Space Capsule Shown Undergoing Tests.

A slab of heated titanium is shown being removed from a furnace at the Crucible facility at Midland, prior to rolling in a hot strip mill.



Sheets of titanium are repeatedly fed through rolls of the hot mill at Toronto firm to reduce them to the proper thickness required for use in the Gemini and other space projects.

Dave Smith of Toronto tests a sample of welded sheet in the metalurgical lab of the Titanium Metals Corporation plant.

Harold (Sam) Ketchum of Hammondsville, millwright at the Toronto firm, helps keep the titanium producing mill in operation.

You And The Law

One day MaGee, a widely-known after - dinner speaker, decided to retire from the "creamed - peas and mashed - potatoes" circuit. With no more speeches to make, he decided to publish a book containing many of his jokes.

He hired a local printer to make 300 copies of the book, which were quickly purchased by his numerous admirers. This made MaGee very happy.

Several months later, however, MaGee was not so happy. He discovered that a nationally - distributed book was actually a direct copy of his own book. He wrote the publisher and demanded a fair royalty.

THE PUBLISHER refused, however, commenting, "Sorry, but that book of yours had no copyright. We owe you nothing." MaGee decided to sue the publisher, but got a rude shock.

The court ruled in favor of the publisher. "They owe you nothing in this instance because you neglected to place a notice of copyright on the earlier published copies," it said.

Although an author has an inherent right to his literary productions, this right can be lost easily by general publication, unless he seeks the protection of the copyright law. Publication of the work without a proper notice results in dedication to the public.

The first and most important step in obtaining copyright protection is to place the correct notice in the proper place on every copy. Formal registration is essential, but must follow publication.

THE COPYRIGHT notice must include the word "Copyright", the abbreviation. "Copr." or the symbol (c), plus the name of the owner and year of publication. Unless this notice appears on each copy, an author loses his right to keep others from copying. The notice serves to warm the public of the author's assertion of his rights.

Since 1955, the use of the symbol (c) has been more widespread in this country, in order to confer international protection of an author's works. By treaty, other countries recognize our copyrighted works and afford them full protection if the copyright notice includes the symbol (c), the owner's name and year of publication. Since both domestic and international literary protection depend upon it, the short copyright notice should never be ignored.

Ballet Company Pair To Perform

The Allegro American Ballet Company of Chicago will feature Doreen Tempest and Fredrick Strobel in "The Swan" as the season's third presentation of the Tri-State Civic Music Association at 8:45 p. m. Thursday at Westgate School.

Miss Tempest was formerly a ballerina with the Royal Ballet and the Sadllers-Wells Ballet of England. During the three years she was a leading ballerina in England, roles were created for her by many noted choreographers. She has appeared on many television programs, including the Bell Telephone Hour at New York and the Artists Showcase of Chicago.

Strobel, who is guest artist, is the premier danseur of the Royal Winnipeg Ballet Company of Canada.

Others with the company are Harvey Hysell and Robert Lunnon. Hysell was graduated from Texas Christian University with a bachelor of fine arts degree and was the first male graduate in ballet theater. He formerly was soloist with the Mia Slavenska Ballet Company.

Lunnon, who is artistic director of the Allegro Ballet Company, was formerly ballet master of the Royal Norwegian Ballet Company and a leading dancer with Sadlers-Wells.

Marie Comstock, founder of the Allegro Ballet, conceived the idea in 1950 and was the first to bring to America dancers from the Royal Ballet of England. The company has reached artistic maturity through their combined efforts and the elaborate costumes and decor reflect their good taste and extensive background with Sadlers - Wells, sponsors said.

Imperial Man Fined, Jailed

LISBON — Robert N. Vesitis, 35, of Imperial was fined $150 and costs and sentenced to seven days in the County Jail Friday by County Judge J. L. MacDonald for driving while intoxicated.

In other State Highway Patrol cases, two motorists were fined and eight forfeited bonds.

John W. Wilson, 18, of Wellsville R.D., was fined $20 and costs for failure to stop within the assured clear distance, and Dawn N. Richardson, 18, of Canton, $15 and costs for illegal backing.

Charles W. Walker, 24, of Akron forfeited $25 for failure to transfer registration and James W. Efaw, 26, Cleveland, $25 for reckless operation. Walker also forfeited $15 for speeding.

Richard C. Henthorne, 30, of Lisbon R. D. 4, forfeited $20 for failure to obey a stop sign.

Forfeiting $15 bonds for speeding were Fred E. Campsey, 24, of 233 High St., Lisbon; Leon Pelasco, 62, of Alliance, Harold M. Robinson, 24, of Toronto, and Janet L. Seese, 39, of Cleveland.

Marilyn J. Greek, 19, of Louisville forfeited $15 for parking on a highway.

Michigan Girl Wins As 1965 Junior Miss

MOBILE, Ala. (AP) — A St. Joseph, Mich., Patrice Angela Gaunder, is the nation's new ideal teen-ager.

The pretty, blue-eyed blonde was crowned America's 1965 Junior Miss Friday night in Mobile. Her triumph was shared by 40 of her closest friends who sold pies, washed cars and saved their allowances to travel more than 1,000 miles to see the talented teen-ager compete for the national title.

She was crowned by another beautiful blonde, last year's Junior Miss, Linda Felber of Colfax, Wash.

James Franciscus, television's "Mr. Novak," was master of ceremonies.

An "A" student and a member of her high school glee club, the pert teen has won a national Latin exam award and is a member of a national honor society, as well as a participant in high school intramural basketball.

As the new winner, she receives a $6,000 college scholarship.

First runner-up is 17-year-old June Pilotti of Mount Vernon, Ohio, who wins a $4,000 scholarship. Ohio's Junior Miss presented a dance and piano routine during pageant preliminary judging. She plans a career in education.

Grand Jury Backs Paddling In Schools

HOPKINSVILLE, Ky. (AP) — The Christian County grand jury has recommended more liberal use of the paddle in the school room.

The jury suggested the legislature should clarify the responsibilities of teachers and principals in dealing with discipline. Its report added:

"We feel that in many instances a teacher feels a good paddling would help straighten a pupil out but refrains from this due to fear of a law suit as his legal position in such an occurrence is questionable."

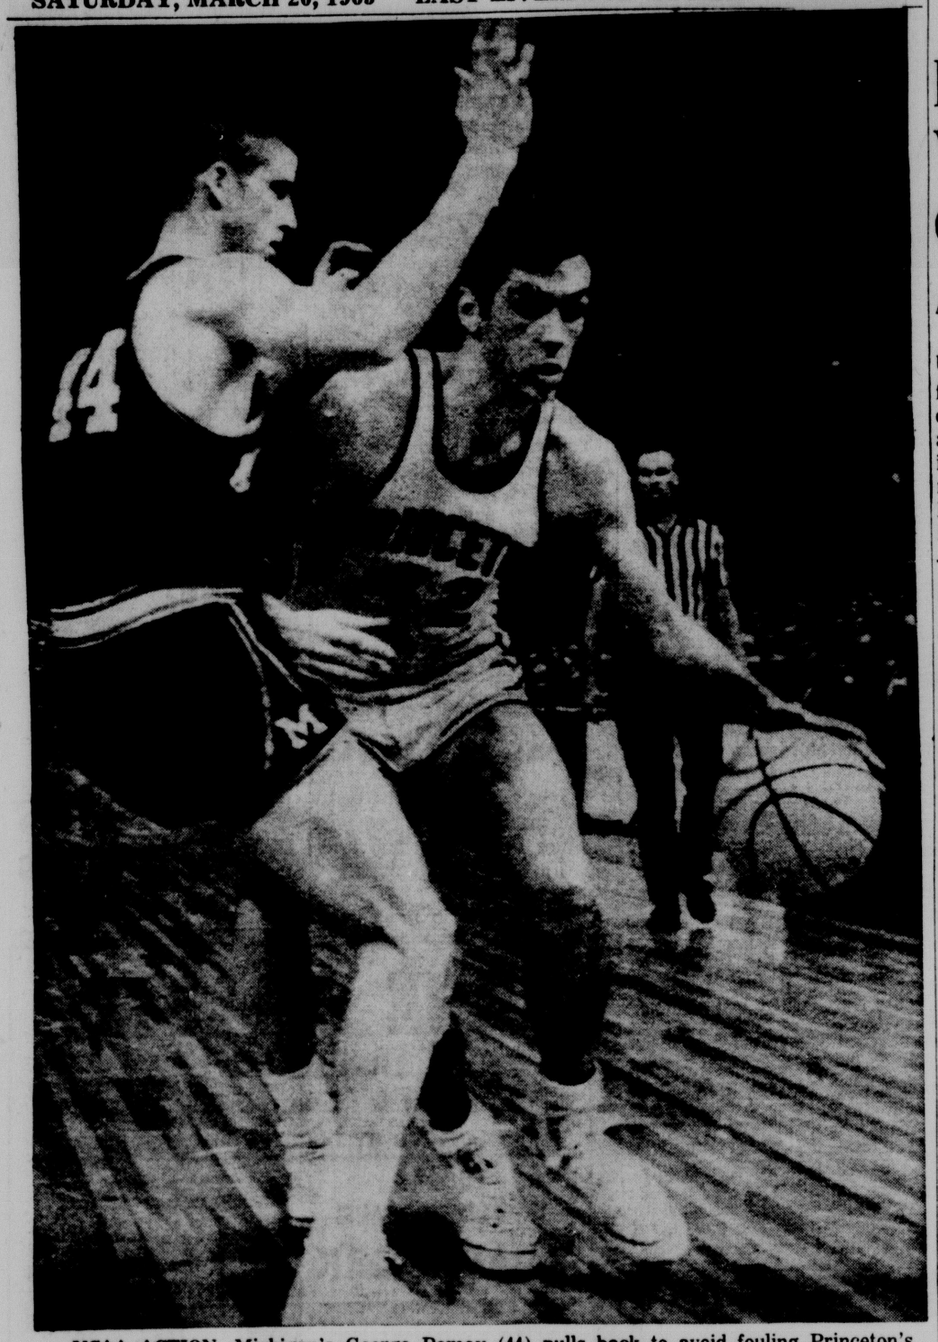
UCLA Rated Paper-Thin Favorite Over Michigan For NCAA Crown



NCAA ACTION. Michigan's George Pomey (44) pulls back to avoid fouling Princeton's Bill Bradley in Friday night's NCAA first semi-finals game at Portland, Ore. Michigan won, 93-76. (UPI Telephoto)

Princeton, Wichita Are Outclassed

By BOB GREEN
Associated Press Sports Writer

PORTLAND, Ore. (AP) — UCLA's devastating Bruins, fresh from a 108-89 romp over outclassed Wichita, are ranked a paper-thin favorite over Michigan's muscular Wolverines tonight in the finals of the NCAA National Basketball Championships.

The Wolverines, Big Ten champions and ranked first in the nation with a 24-3 record, destroyed Princeton's dreams 93-76 in the first semifinal Friday night, using a combination of their rebounding power and Bill Bradley's foul trouble to make it look easy.

It set up a match of the nation's two top teams for the national title won last year by UCLA. Game time is 10 p.m., EST, in Memorial Coliseum. The championship game is scheduled for regional telecasting by sports network over some 135 stations throughout the country.

Wichita Coach Gary Thompson put the favorite tag on the swift Bruins.

"Michigan is bigger and stronger, but they don't jump any better and they're not as fast as UCLA," he said. "It will be close."

The Bruins, bidding to become only the fifth team in history to take back-to-back titles, ripped outmanned Wichita with a 65-38 first half, then coasted in with substitutes playing most of the rest of the way.

Michigan, capitalizing on their front line strength and with Bradley playing under wraps, outscored Princeton 20-4 over one string just before and after intermission, took a 49-38 lead and, for all intents and purposes, wrapped it up.

Bradley, a two-time All-America, player of the year, Rhodes Scholar and captain of the U.S. Olympic team, collected his third foul with 6:04 left in the first half, got his fourth one minute into the second half, and fouled out with more than five minutes remaining.

He finished with 29 points and six rebounds.

Princeton Coach Butch Van Breda Kolff also picked UCLA to win the final.

Cazzie Russell, Michigan's 6-foot-8 All-America, got 28 points and 10 rebounds, while 6-foot-7, 235-pounder Bill Buntin had 22 points and 14 rebounds. In all, Michigan beat the Tigers on the boards, 56-34.

The triumph was sweet revenge for the Wolverines, who suffered a major scare by the Tigers before pulling out an 80-78 victory in a previous meeting.

UCLA simply ran away from Wichita, but has a major worry going into the title game. Keith Erickson, their No. 1 rebounder, has a gimpy left leg and his condition is uncertain.

UCLA All-America Gail Goodrich scored eight of his 28 points, had three steals and two assists in a 20-4 UCLA burst that gave the Bruins a 57-39 lead and pointed them to the record scoring total for a semifinal game, their third straight over 100 points and seventh of the season.

The Bruins, making the most of their brilliant zone press defense, stole the ball time and again and forced the hapless Shockers into countless mistakes.

Jaime Thompson of Wichita led all scorers with 36 points. Edgar Lacey had 24 and Freddie Goss 19 for the Bruins, now 27-2 for the year.

8 Games Scheduled In Regional Finals

Ohio Cage Finals Berths At Stake

By FRITZ HOWELL
Associated Press Sports Writer

COLUMBUS, Ohio (AP) — There's a pretty good chance all eight berths in next weekend's state high school basketball championship tourney will be occupied by teams picked in the regular season Top Ten by Ohio's Associated Press member sports editors.

Four games in Class AA and four in Class A are scheduled tonight in regional finals, the winners advancing to the state meet, and a member of the Top Ten is in each fray.

The eight Class AA regional finalists have a combined record of 168 victories and 18 losses, and three of them are unbeaten. In Class A the total record is 178-15, with only one unsullied quintet.

Some heavy casualties were chalked up in Friday night's semifinals in the big school sector as what was left of the starting field of 412 was trimmed to eight.

Dayton Chaminade, tenth in the final rankings, was ousted 60-47 by Cincinnati St. Xavier. Cleveland East Tech, last of the Class AA former champions, was a 96-78 victim of Lima Shawnee.

But only one result could be termed an upset, six-times-beaten Columbus Eastmoor following up a three-overtime district finals victory by going two overtimes to win 78-74 over Coshocton which had a 21-1 record. The other Columbus semi-final was red hot, too, ninth-ranked Columbus South ignoring an early 12-point deficit and nosing out Athens' once-beaten team 50-48.

Lima Shawnee, second in the poll, Urbana (3rd) and Boardman (5th) hit tonight's finals with 24-0 records, and Columbus South is 20-1.

Minster, fourth with 24-0; Albany, sixth with 25-1; West Salem Northwestern, seventh with 22-1, and Springboro Clearcreek, eighth with 23-1, were the Class A Top Ten teams to reach the finals. The Class A octet left 468 other teams along the beaten path.

Coaches of tonight's winning teams will meet at noon Sunday with High School Commissioner Paul E. Landis, at Ohio State University's Student Union, to pick up tickets and instructions for the state tourney games.

On the 16 teams still in the race, only West Salem Northwestern has ever won the state title. The Huskies took the crown in 1958.

Rhyan's 136 Sets Pace At Jacksonville

JACKSONVILLE BEACH, Fla. (AP) — Dick Rhyan Jr. has the appearance of a man who blends into a crowd and tends to go unnoticed. That is exactly what happened to him on the professional golf tour for a year.

But he holds a lion's share of attention going into the third round of the $57,500 Greater Jacksonville Open today. He's the leader with a 36-hole score of 136 — eight under par.

Rhyan's putter—one he got from a friend the other day—was going strong Friday and he scored 34-33—67 over the 6,906-yard Selva Marina course in spite of its soggy condition.

Almost as much a surprise as finding Rhyan in first place is the appearance of Phil Rodgers back in a contending spot after a year of near obscurity. He broke the course record with 33-32—65.

Bruce Devlin of Australia and left-hander Bob Charles of New Zealand each took 139 into the third round and were in good spots for a foreign claim on the top $8,500 when the tourney ends Sunday.

Rangers Tie Wings, 6-6, In NHL Fray

(By The Associated Press)

The New York Rangers can't seem to handle Detroit's National Hockey League leaders but they've begun to give Roger Crozier, the Red Wings' young goalie, nothing but trouble.

Despite a three-goal effort by red-hot Norm Ullman, Detroit settled for a 6-6 standoff against the Rangers Friday night in the only NHL game scheduled. The tie boosted the Wings' first-place margin over Montreal to four points and gave them a 9-2-2 season edge over New York.

The Canadiens entertain third-place Chicago tonight while the Wings rest after firing 16 goals in their last two games. They riddled last-place Boston 10-3 Thursday night.

Jean Ratelle's second goal of the game, with 3½ minutes remaining, earned New York a tie and dropped Crozier into second place in the race for goalie honors and accompanying prize money.

Lapchick's Team In NIT Finals

St. John's Cage Coach Is Retiring After Today

By TED MEIER
Associated Press Sports Writer

NEW YORK (AP)—The Big Indian retires today ending a 50-year career in basketball.

The Big Indian is Joe Lapchick, coach of the St. John's University Redmen who battle the favored Villanova Wildcats in the championship final today of the National Invitational Tournament.

Lapchick, who reaches the compulsory retirement age of 65 next month, has drawn as much attention on the sidelines as the game itself.

Lapchick, who played with the original New York Celtics, the famed pro team of yesteryear, is nationally known for his antics by the bench.

By actual count on Thursday night, when St. John's beat Army in the semifinals, he jumped up and screamed 35 times, got down on one knee in imploring gestures 23 times and went to the water cooler 19 times. It wasn't possible to keep track of his groans.

This is Lapchick's 20th year as St. John's coach, a tenure interrupted for nine years when he coached the pro New York Knicks of the National Basketball Association.

His boys, who have played inspired ball throughout the tourney, vowed before the game to win this last one for the coach and give Lapchick an unprecedented fourth NIT championship.

They gave him a cherished prize by upsetting the country's top-ranked Michigan Wolverines in the final of the Christmas Holiday Festival tournament.

Williamson-Beckley Paired In AAA

West Virginia To Crown Basketball Champs Today

CHARLESTON (AP) — The favored teams have emerged from preliminary firing in the 1965 West Virginia High School Basketball Tournament and are poised for championship games today at the Charleston Civic Center.

Before the day is over, new state champions will be crowned in the Class AAA, AA and A divisions.

The Class AA finalists, with a one day rest, clash at 1 p.m. Williamstown and Oceana had the day off Friday after trouncing their opening round opponents.

Williamstown made the grade by defeating Ceredo-Kenova 95-75, while Oceana, undefeated in 25 games, dumped Clarksburg Roosevelt - Wilson 80-54.

The Class A title game at 3 p.m. features Fort Ashby and Gary District. Undefeated Williamson tests Beckley in the big school battle at 7:30 p.m.

A full court press and the shooting of Bill Craig gave Williamson a 72-61 victory over Triadelphia Friday night in the Class AAA semifinal. Craig scored 22 points in the second half and finished with 31 for the game, high for both teams.

After trailing 23-22 at intermission, the Wolfpack used a pressing defense to gain command of the game. Coach George Ritchie said it was the press that made the difference.

Wayne Wells scored 26 points in Triadelphia's losing effort.

In the other Class AAA semifinal, Beckley's Ron Kyle poured in 24 points, 14 in the second half, as the Flying Eagles defeated Elkins 72-61.

After a nip-and-tuck first half, Beckley's superior height began to tell. The Flying Eagles moved from a one-point advantage at intermission to a 44-33 lead midway in the third period.

A scoring flurry by Elkins' co-captains Del Gainer and David Simmons brought the Tigers back to within six points at the end of the third quarter, but the rally fell short.

Simmons had 27 points and Gainer 18 for Elkins.

Fred Lewis followed Kyle with 14 for Beckley.

In the Class A semifinals, Ron Sisk tossed in 25 points as Fort Ashby edged Bramwell 57-56. Gary District shot to a 23-8 lead and had little trouble downing Fairview 79-53.

Ronald Jones paced Gary District with 20 points while Merline Serdich had 21 for Fairview.

Whitworth Has 3-Stroke Edge In Women's Golf

ST. PETERSBURG, Fla. (AP)—Par-busting Kathy Whitworth held a three-stroke lead going into today's third round of the $10,000 St. Petersburg Women's Open Golf Tournament.

The tall 25-year-old golfer carded a 66 in Friday's round, one of the lowest in memory for the 6,009-yard, par 71 Sunset Country Club course, scene of the first tournament for the LPGA this season.

Her 18-hole total of 136 gave her the edge of three strokes over first round leader Marilynn Smith, who was second with 139.

Newcomer Betsey Cullen, veteran Mickey Wright and Sandra Haynie were tied for third at 141.

This is Miss Cullen's first professional tournament.

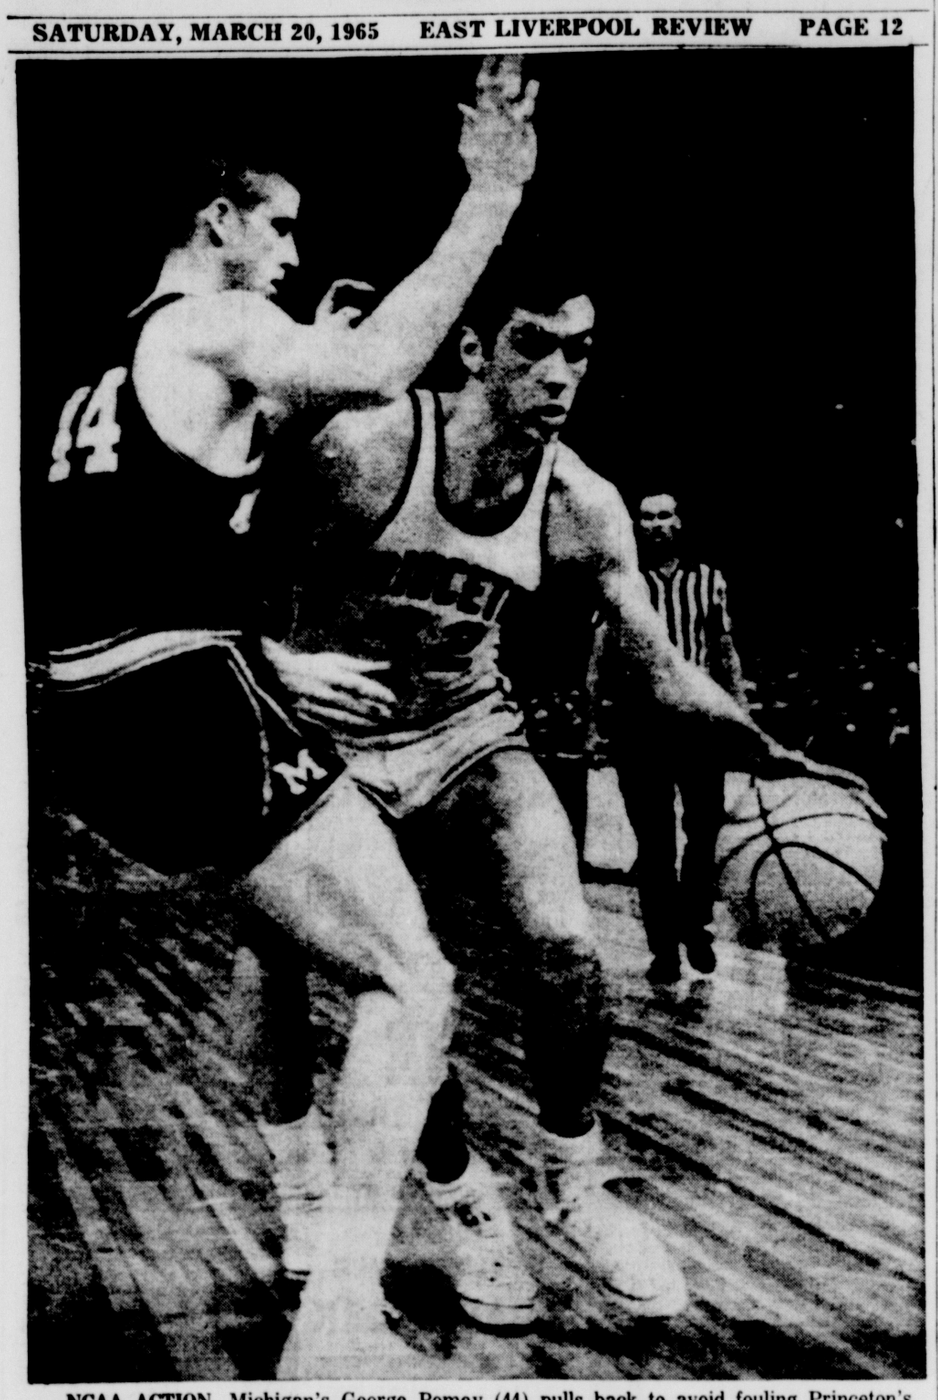
UCLA Rated Paper-Thin Favorite Over Michigan For NCAA Crown



NCAA ACTION. Michigan's George Pomey (44) pulls back to avoid fouling Princeton's Bill Bradley in Friday night's NCAA first semi-finals game at Portland, Ore. Michigan won, 93-76. (UPI Telephoto)

Princeton, Wichita Are Outclassed

By BOB GREEN
Associated Press Sports Writer

PORTLAND, Ore. (AP) — UCLA's devastating Bruins, fresh from a 108-89 romp over outclassed Wichita, are ranked a paper-thin favorite over Michigan's muscular Wolverines tonight in the finals of the NCAA National Basketball Championships.

The Wolverines, Big Ten champions and ranked first in the nation with a 24-3 record, destroyed Princeton's dreams 93-76 in the first semifinal Friday night, using a combination of their rebounding power and Bill Bradley's foul trouble to make it look easy.

It set up a match of the nation's two top teams for the national title won last year by UCLA. Game time is 10 p.m., EST, in Memorial Coliseum. The championship game is scheduled for regional telecasting by sports network over some 135 stations throughout the country.

Wichita Coach Gary Thompson put the favorite tag on the swift Bruins.

"Michigan is bigger and stronger, but they don't jump any better and they're not as fast as UCLA," he said. "It will be close."

The Bruins, bidding to become only the fifth team in history to take back-to-back titles, ripped outmanned Wichita with a 65-38 first half, then coasted in with substitutes playing most of the rest of the way.

Michigan, capitalizing on their front line strength and with Bradley playing under wraps, outscored Princeton 20-4 over one string just before and after intermission, took a 49-38 lead and, for all intents and purposes, wrapped it up.

Bradley, a two-time All-America, player of the year, Rhodes Scholar and captain of the U.S. Olympic team, collected his third foul with 6:04 left in the first half, got his fourth one minute into the second half, and fouled out with more than five minutes remaining.

He finished with 29 points and six rebounds.

Princeton Coach Butch Van Breda Kolff also picked UCLA to win the final.

Cazzie Russell, Michigan's 6-foot-8 All-America, got 28 points and 10 rebounds, while 6-foot-7, 235-pounder Bill Buntin had 22 points and 14 rebounds. In all, Michigan beat the Tigers on the boards, 56-34.

The triumph was sweet revenge for the Wolverines, who suffered a major scare by the Tigers before pulling out an 80-78 victory in a previous meeting.

UCLA simply ran away from Wichita, but has a major worry going into the title game. Keith Erickson, their No. 1 rebounder, has a gimpy left leg and his condition is uncertain.

UCLA All-America Gail Goodrich scored eight of his 28 points, had three steals and two assists in a 20-4 UCLA burst that gave the Bruins a 57-39 lead and pointed them to the record scoring total for a semifinal game, their third straight over 100 points and seventh of the season.

The Bruins, making the most of their brilliant zone press defense, stole the ball time and again and forced the hapless Shockers into countless mistakes.

Jaime Thompson of Wichita led all scorers with 36 points. Edgar Lacey had 24 and Freddie Goss 19 for the Bruins, now 27-2 for the year.

8 Games Scheduled In Regional Finals

Ohio Cage Finals Berths At Stake

By FRITZ HOWELL
Associated Press Sports Writer

COLUMBUS, Ohio (AP) — There's a pretty good chance all eight berths in next weekend's state high school basketball championship tourney will be occupied by teams picked in the regular season Top Ten by Ohio's Associated Press member sports editors.

Four games in Class AA and four in Class A are scheduled tonight in regional finals, the winners advancing to the state meet, and a member of the Top Ten is in each fray.

The eight Class AA regional finalists have a combined record of 168 victories and 18 losses, and three of them are unbeaten. In Class A the total record is 178-15, with only one unsullied quintet.

Some heavy casualties were chalked up in Friday night's semifinals in the big school sector as what was left of the starting field of 412 was trimmed to eight.

Dayton Chaminade, tenth in the final rankings, was ousted 60-47 by Cincinnati St. Xavier. Cleveland East Tech, last of the Class AA former champions, was a 96-78 victim of Lima Shawnee.

But only one result could be termed an upset, six-times-beaten Columbus Eastmoor following up a three-overtime district finals victory by going two overtimes to win 78-74 over Coshocton which had a 21-1 record. The other Columbus semi-final was red hot, too, ninth-ranked Columbus South ignoring an early 12-point deficit and nosing out Athens' once-beaten team 50-48.

Lima Shawnee, second in the poll, Urbana (3rd) and Boardman (5th) hit tonight's finals with 24-0 records, and Columbus South is 20-1.

Minster, fourth with 24-0; Albany, sixth with 25-1; West Salem Northwestern, seventh with 22-1, and Springboro Clearcreek, eighth with 23-1, were the Class A Top Ten teams to reach the finals. The Class A octet left 468 other teams along the beaten path.

Coaches of tonight's winning teams will meet at noon Sunday with High School Commissioner Paul E. Landis, at Ohio State University's Student Union, to pick up tickets and instructions for the state tourney games.

On the 16 teams still in the race, only West Salem Northwestern has ever won the state title. The Huskies took the crown in 1958.

Rhyan's 136 Sets Pace At Jacksonville

JACKSONVILLE BEACH, Fla. (AP) — Dick Rhyan Jr. has the appearance of a man who blends into a crowd and tends to go unnoticed. That is exactly what happened to him on the professional golf tour for a year.

But he holds a lion's share of attention going into the third round of the $57,500 Greater Jacksonville Open today. He's the leader with a 36-hole score of 136 — eight under par.

Rhyan's putter—one he got from a friend the other day—was going strong Friday and he scored 34-33—67 over the 6,906-yard Selva Marina course in spite of its soggy condition.

Almost as much a surprise as finding Rhyan in first place is the appearance of Phil Rodgers back in a contending spot after a year of near obscurity. He broke the course record with 33-32—65.

Bruce Devlin of Australia and left-hander Bob Charles of New Zealand each took 139 into the third round and were in good spots for a foreign claim on the top $8,500 when the tourney ends Sunday.

Lapchick's Team In NIT Finals

St. John's Cage Coach Is Retiring After Today

By TED MEIER
Associated Press Sports Writer

NEW YORK (AP)—The Big Indian retires today ending a 50-year career in basketball.

The Big Indian is Joe Lapchick, coach of the St. John's University Redmen who battle the favored Villanova Wildcats in the championship final today of the National Invitational Tournament.

Lapchick, who reaches the compulsory retirement age of 65 next month, has drawn as much attention on the sidelines as the game itself.

Lapchick, who played with the original New York Celtics, the famed pro team of yesteryear, is nationally known for his antics by the bench.

By actual count on Thursday night, when St. John's beat Army in the semifinals, he jumped up and screamed 35 times, got down on one knee in imploring gestures 23 times and went to the water cooler 19 times. It wasn't possible to keep track of his groans.

This is Lapchick's 20th year as St. John's coach, a tenure interrupted for nine years when he coached the pro New York Knicks of the National Basketball Association.

His boys, who have played inspired ball throughout the tourney, vowed before the game to win this last one for the coach and give Lapchick an unprecedented fourth NIT championship.

They gave him a cherished prize by upsetting the country's top-ranked Michigan Wolverines in the final of the Christmas Holiday Festival tournament.

Rangers Tie Wings, 6-6, In NHL Fray

(By The Associated Press)

The New York Rangers can't seem to handle Detroit's National Hockey League leaders but they've begun to give Roger Crozier, the Red Wings' young goalie, nothing but trouble.

Despite a three-goal effort by red-hot Norm Ullman, Detroit settled for a 6-6 standoff against the Rangers Friday night in the only NHL game scheduled. The tie boosted the Wings' first-place margin over Montreal to four points and gave them a 9-2-2 season edge over New York.

The Canadiens entertain third-place Chicago tonight while the Wings rest after firing 16 goals in their last two games. They riddled last-place Boston 10-3 Thursday night.

Jean Ratelle's second goal of the game, with 3½ minutes remaining, earned New York a tie and dropped Crozier into second place in the race for goalie honors and accompanying prize money.

Whitworth Has 3-Stroke Edge In Women's Golf

ST. PETERSBURG, Fla. (AP)—Par-busting Kathy Whitworth held a three-stroke lead going into today's third round of the $10,000 St. Petersburg Women's Open Golf Tournament.

The tall 25-year-old golfer carded a 66 in Friday's round, one of the lowest in memory for the 6,009-yard, par 71 Sunset Country Club course, scene of the first tournament for the LPGA this season.

Her 18-hole total of 136 gave her the edge of three strokes over first round leader Marilynn Smith, who was second with 139.

Newcomer Betsey Cullen, veteran Mickey Wright and Sandra Haynie were tied for third at 141.

This is Miss Cullen's first professional tournament.

Williamson-Beckley Paired In AAA

West Virginia To Crown Basketball Champs Today

CHARLESTON (AP) — The favored teams have emerged from preliminary firing in the 1965 West Virginia High School Basketball Tournament and are poised for championship games today at the Charleston Civic Center.

Before the day is over, new state champions will be crowned in the Class AAA, AA and A divisions.

The Class AA finalists, with a one day rest, clash at 1 p.m. Williamstown and Oceana had the day off Friday after trouncing their opening round opponents.

Williamstown made the grade by defeating Ceredo-Kenova 95-75, while Oceana, undefeated in 25 games, dumped Clarksburg Roosevelt - Wilson 80-54.

The Class A title game at 3 p.m. features Fort Ashby and Gary District. Undefeated Williamson tests Beckley in the big school battle at 7:30 p.m.

A full court press and the shooting of Bill Craig gave Williamson a 72-61 victory over Triadelphia Friday night in the Class AAA semifinal. Craig scored 22 points in the second half and finished with 31 for the game, high for both teams.

After trailing 23-22 at intermission, the Wolfpack used a pressing defense to gain command of the game. Coach George Ritchie said it was the press that made the difference.

Wayne Wells scored 26 points in Triadelphia's losing effort.

In the other Class AAA semifinal, Beckley's Ron Kyle poured in 24 points, 14 in the second half, as the Flying Eagles defeated Elkins 72-61.

After a nip-and-tuck first half, Beckley's superior height began to tell. The Flying Eagles moved from a one-point advantage at intermission to a 44-33 lead midway in the third period.

A scoring flurry by Elkins' co-captains Del Gainer and David Simmons brought the Tigers back to within six points at the end of the third quarter, but the rally fell short.

Simmons had 27 points and Gainer 18 for Elkins.

Fred Lewis followed Kyle with 14 for Beckley.

In the Class A semifinals, Ron Sisk tossed in 25 points as Fort Ashby edged Bramwell 57-56. Gary District shot to a 23-8 lead and had little trouble downing Fairview 79-53.

Ronald Jones paced Gary District with 20 points while Merline Serdich had 21 for Fairview.

Report Raps Space Agency On Red Data

WASHINGTON (AP) — A congressional committee today released a report two years old that raps the U.S. space agency for withholding information on Soviet space activities from the American people.

A committee spokesman said the findings are still valid.

Unless Americans know what the Russians are doing, "they cannot judge whether the United States is ahead, behind or at least keeping pace with Soviet space efforts," said the House Government Operations report submitted to Congress.

The slap on the hands came two days after the Russians had achieved a new headline-grabbing space feat with their acrobatic cosmonaut.

The report is based on hearings held by a foreign operation subcommittee in the spring of 1963.

The group's report said its investigations fully substantiate complaints from news media representatives that the National Aeronautics and Space Administration had withheld information concerning Soviet space activities "which, by law and consistent with national security, should have been made public."

The subcommittee found that while NASA had made periodic reports on orbiting objects of the United States and foreign powers, the military put a security label on most information from tracking stations relating to Soviet activities.

"Despite its clear statutory mandate to keep the public informed," said the report, "NASA has not once challenged these security classifications, blindly accepting the military decision even in those instances when it was obvious that national security requirements were not involved."

The space agency, the subcommittee said, ignored two requirements of the law establishing it — "the requirement of civilian control over nonmilitary space activities and the requirement for the fullest possible flow of public information."

The report recommended that NASA, "in every possible instance consistent with the dictates of national security," exercise its right to challenge military restrictions.

Farmers In Beaver Warned On Deadline

Friday is the last day growers may file applications to take part in the 1965 feed grain program, Glenn Campbell, chairman of the Beaver County Agricultural Stabilization and Conservation County Committee, said today.

He reminded farmers that only those who participate in the feed grain program will be eligible for price support on their 1965 corn, barley, and grain sorghum corps. As last year, the support is made available through loans and price-support payments.

The ASCS office in Room 209 of the Federal Building at Beaver is open from 8:30 a.m. to 5 p.m. Monday through Friday.

Search Still On For 2 In Hijacking Of Auto

The Wintersville State Highway Patrol said today a search is continuing for two men who hijacked a car owned by Carl Randalson of Hammondsville R. D. 1 late Thursday night on Route 43 near Richmond.

Randalson saw two men apparently having trouble with a 1963 green station wagon and halted to give aid. One stuck a gun in his back and told him they wanted his car. One jumped into Randalson's car and the other in the station wagon and drove off.

Randalson's car was found early Friday morning abandoned in Richmond, with the license plates missing. The two apparently used Randalson's plates on their station wagon.

Boy Unhurt As Bike Rams Moving Auto

A 14-year-old cyclist escaped injury late Friday afternoon when his bike ran into an auto at Peach Alley and W. 6th St.

The collision at 5:12 p.m. involved the bike of Victor Buchheit, 241 W. Church Ln., and the car of Suzette Beaver, 25, of 1911 Lisbon St., police said.

The woman told police she was headed north in the alley beside City Hall and watching for traffic on W. 6th St. when the bicycle struck her convertible.

The youth said he was riding on the sidewalk but was watching a parked auto in Peach Alley. When he looked up, he saw the convertible but was unable to stop in time.

1 Killed, 3 Injured In 3-Car Accident

LOGAN, Ohio (AP) — An abortive attempt to pass another auto on U. S. 33 about four miles south of here Friday night cost the life of a 17-year-old Logan County youth in a three-car accident.

Killed was Timothy E. Lafollette of Rt. 3, Logan, while three other persons were injured and taken to Mt. St. Mary's Hospital, Nelsonville.

The Highway Patrol said Lafollette, northbound, tried to pass a car driven by Kermit S. Nelson, 51, of Logan, but struck it, then collided with a southbound auto operated by John L. Ellison, 29, of Mount Vernon.

Nelson, Ellison, and Mavie Huffman, 26, of Mount Vernon, a passenger with Ellison, were hospitalized.

Notre Dame's Head Backs Voting Rights

WASHINGTON (AP)—"There are certain areas where just the attempt to vote is tantamount to committing suicide," said the Rev. Theodore M. Hesburgh, president of Notre Dame University.

A member of the U.S. Commission on Civil Rights, he appeared before a House judiciary subcommittee Friday to give enthusiastic support to the administration's voting rights bill. It proposes actions the commission has been urging for six years.

"No single issue has produced a greater consensus among our commissioners," Father Hesburgh said. "We have long felt that if only the American people could be made as intensely aware as we have been of the wrongs that have been inflicted upon some of their fellow citizens, there would be quick and decisive remedial action."

He outlined some of the cases of Negro vote denial that he said produced that awareness.

Two women over 80 decided they finally would try to register in Humphreys County, Miss., Father Hesburgh said. The registrar threatened to cut them out of the federal food commodity program if they persisted and they left. Their joint income was $47 a month.

Another woman who supported her six children by operating a small store tried to register after years of being afraid.

"She said her prayers and felt she was not alone, so she walked in," he told the subcommittee. "She was given a very difficult test and that concerned her. And as she was leaving she was photographed.

"Then 15 minutes after she got back to her store the sheriff appeared with a warrant for her arrest. She was locked up for the night and fined $300 for not having a county beer license. She had federal, state and local licenses and had been in business eight years."

The subcommittee resumes hearings Tuesday with several members of Congress as witnesses. The same day, the Senate Judiciary Committee will open its hearings on the bill.

2 Killed, 3 Injured In Three-Car Crash

WARREN, Ohio (AP)—Two persons were killed Friday night in a three-car collision on Ohio 304, about two miles east of Hubbard. Three others were injured, one seriously.

Mrs. Fern Ackerman, 51, of R. D. 1, Mercer, Pa., was killed outright. John Farrow, 66, of Hubbard, died shortly after being admitted to North Side Hospital in Youngstown. Each was driving a car.

In serious condition at the hospital was Bessie Whittaker, 58, of Youngstown. In fair condition were Leana Farrow, 45, the dead man's wife, and Lottie Butler, 75, of Youngstown. They were passengers in Farrow's auto.

The Highway Patrol said the driver of the third car, Marjorie Chupak, 19, of West Middlesex, Pa., tried to pass Farrow's car going southwest. She was not injured.

First To Be Cited

CLEVELAND (AP)—A man seriously hurt when hit by a car on the Inner Belt Freeway is the first cited by police under a new city ordinance barring pedestrians from interstate highways. John York, 47, was hit when he tried to cross the freeway (I-90) near Chester Avenue Friday.

Mount Vernon Girl Second In U.S. Junior Miss Pageant

MOUNT VERNON, Ohio (AP) —Plans are under way in Mount Vernon for a big homecoming for the city's "No. 1" girl, 17-year-old Miss Jane Pilotti.

Miss Pilotti, a pert brunette with blue eyes, was named first runner-up in America's Junior Miss Pageant in Mobile, Ala., Friday night.

Mount Vernon Junior Chamber of Commerce members immediately sent a telegram to the high school senior saying: "Jane, you're Number One with us. Congratulations. Best from all of us and hurry home."

Miss Pilotti went to the finals in Mobile after winning the Ohio Junior Miss Pageant at Xenia last month. Her talent in competition there was playing the piano. In Mobile, she added dancing to her routine.

Preliminary plans call for meeting Miss Pilotti's plane in Columbus, probably Sunday. She'll be escorted back to Mount Vernon by auto caravan for a reception.

About 75 Mount Vernon residents and Jaycees gathered at a party to watch the nationally televised pageant. When the final results were announced, Mayor Mark Kinney said "She is still Number One in our book."

He jokingly added that the only reason she didn't win top honors in Mobile was because the judges might have been from Michigan. St. Joseph, Mich., is the hometown of the winning teen-age Beauty, Patrice Gaunder.

Miss Pilotti participates in numerous activities at Mount Vernon High School. She is Student Council president and high in scholastic achievement.

Hammondsville Newlyweds Feted

Mr. and Mrs. Gary Householder, newlyweds, were feted at a social Thursday night at the Hammondsville American Legion Home by Mrs. Minnie Hooper and Mrs. Mary Householder.

Mrs. Householder is the former Carol Hooper, daughter of Mr. and Mrs. Carl Hooper.

Prizes in games went to Mrs. May Daniels and Wayne Householder. Lunch was served 35 by Mrs. Hooper and Mrs. Householder, assisted by Mrs. Elvira Hood, Mrs. Jane Talbert and Mrs. Helen Householder.

Mr. and Mrs. Charles Brown and family have moved into the former Utt property in Irondale. Mrs. Mary Hooper has moved into the home vacated by the Brown family.

Mrs. Raymond Russell of Tarburner Rd. is a patient at City Hospital.

200 Jurors Drawn For April Court Term

LISBON — The names of 200 prospective jurors were drawn Friday from the jury wheel and the first 35 will be ordered to appear for possible Grand Jury duty April 6.

The balance will be called as needed for petit jury duty during the April term of court.

James Gregg of Salem and Clifford Connelly of East Liverpool jury commissioners, pulled the names.

Mrs. Jessie Bolles of Foundry Hill is a patient at City Hospital.

Fined In Disturbance

LISBON — Edward E. Callen 38, of Summitville was fined $25 and costs Friday by County Judge J. L. MacDonald for disturbing the peace.

Charges were filed by James Doan of Summitville, his brother-in-law, after a disturbance March 13 at the Doan home. Constable Forrest Young made the arrest.

Glenmoor Boy Jailed For Drunken Driving

Larry M. Bess, 18, of Glenmoor was fined $150 and costs and sentenced to three days in jail at Lisbon Friday night by acting mayor Clyde Pike, president of Council, for driving while intoxicated. He was cited early yesterday morning by Lisbon police.

Police also accused Kenneth Gallagher of Columbiana with failure to yield the right-of-way after his car struck a pedestrian, Mrs. Camille Pardew, 64, Wednesday while she was crossing a street at the Public Square. Mrs. Pardew is in Salem City Hospital with a fractured left arm.

'Ramparts We Watch' Subject Of Lions Talk

"The Ramparts We Watch" was the topic of the Rev. E. C. Traylor, minister of the First Church of Christ and a club member, at the meeting of the Lions Club Friday noon at the Travelers Hotel.

Rev. Traylor discussed national and world conditions and civil rights and other problems facing the country and the world. He was introduced by Clarence D. Wright, program chairman. Richard C. Martin, president, presided.

Measles And Pox —Multiplied By 5— Means 'Trouble'

Coping with measles is a task enough for a mother.

But when five children in one family have both measles and chickenpox, that's trouble

Mr. and Mrs. Kenneth Smith of Summitville R.D., formerly of Salineville, had that trouble this week with Christy, 9; Linda Kay, 8; Connie Ann, 6; Kenny, 5, and Lucinda Mae, 6-months.

And as an extra touch of turmoil—Lucinda Mae is cutting a tooth, Mrs. Smith said. The grandparents are Salineville Police Chief and Mrs. Earl Laney of North St., Salineville.

Lisbon Auto Damaged In East End Collision

A skid on loose gravel was blamed for a collision Friday at 1:20 p. m. in East End that damaged a Lisbon district man's auto, police reported.

The mishap on Maple St. at Pennsylvania Ave. involved a 1961 sedan operated by Thomas F. Black, 26, of Lisbon R. D. 2 and a 1962 convertible driven by Lyman A. Beagle, 27, of 2407 Pennsylvania Ave. Ext., officers said. The left door of Black's car was damaged.

Beagle told Patrolman Jerry Adkins he was turning onto Maple St. and applied his brakes, causing his car to skid on gravel and hit Black's car. Black said he was halted when his car was struck.

Vets' Insurance To Be Explained

A meeting to explain the reopening of veterans insurance will be held at 8 p.m. Friday at the War Memorial Building in Steubenvlile.

Speaker will be Paul K. Hesselbarth, contact officer for the Veterans Administration Regional Office of Cleveland.

Under a new law effective May 1, 1965, disabled veterans who do not have GI Insurance or have less than $10,000 of such insurance may now be eligible to buy National Service Life Insurance.

Assisting Hesselbarth will be Michael Blischak, service officer for the Jefferson County American Legion Council.

The Cleveland office of the Veterans Administration estimates that 4,750 Jefferson County veterans are eligible for GI Insurance under the new law.

Report Raps Space Agency On Red Data

WASHINGTON (AP) — A congressional committee today released a report two years old that raps the U.S. space agency for withholding information on Soviet space activities from the American people.

A committee spokesman said the findings are still valid.

Unless Americans know what the Russians are doing, "they cannot judge whether the United States is ahead, behind or at least keeping pace with Soviet space efforts," said the House Government Operations report submitted to Congress.

The slap on the hands came two days after the Russians had achieved a new headline-grabbing space feat with their acrobatic cosmonaut.

The report is based on hearings held by a foreign operation subcommittee in the spring of 1963.

The group's report said its investigations fully substantiate complaints from news media representatives that the National Aeronautics and Space Administration had withheld information concerning Soviet space activities "which, by law and consistent with national security, should have been made public."

The subcommittee found that while NASA had made periodic reports on orbiting objects of the United States and foreign powers, the military put a security label on most information from tracking stations relating to Soviet activities.

"Despite its clear statutory mandate to keep the public informed," said the report, "NASA has not once challenged these security classifications, blindly accepting the military decision even in those instances when it was obvious that national security requirements were not involved."

The space agency, the subcommittee said, ignored two requirements of the law establishing it — "the requirement of civilian control over nonmilitary space activities and the requirement for the fullest possible flow of public information."

The report recommended that NASA, "in every possible instance consistent with the dictates of national security," exercise its right to challenge military restrictions.

Farmers In Beaver Warned On Deadline

Friday is the last day growers may file applications to take part in the 1965 feed grain program, Glenn Campbell, chairman of the Beaver County Agricultural Stabilization and Conservation County Committee, said today.

He reminded farmers that only those who participate in the feed grain program will be eligible for price support on their 1965 corn, barley, and grain sorghum corps. As last year, the support is made available through loans and price-support payments.

The ASCS office in Room 209 of the Federal Building at Beaver is open from 8:30 a.m. to 5 p.m. Monday through Friday.

Search Still On For 2 In Hijacking Of Auto

The Wintersville State Highway Patrol said today a search is continuing for two men who hijacked a car owned by Carl Randalson of Hammondsville R. D. 1 late Thursday night on Route 43 near Richmond.

Randalson saw two men apparently having trouble with a 1963 green station wagon and halted to give aid. One stuck a gun in his back and told him they wanted his car. One jumped into Randalson's car and the other in the station wagon and drove off.

Randalson's car was found early Friday morning abandoned in Richmond, with the license plates missing. The two apparently used Randalson's plates on their station wagon.

Boy Unhurt As Bike Rams Moving Auto

A 14-year-old cyclist escaped injury late Friday afternoon when his bike ran into an auto at Peach Alley and W. 6th St.

The collision at 5:12 p.m. involved the bike of Victor Buchheit, 241 W. Church Ln., and the car of Suzette Beaver, 25, of 1911 Lisbon St., police said.

The woman told police she was headed north in the alley beside City Hall and watching for traffic on W. 6th St. when the bicycle struck her convertible.

The youth said he was riding on the sidewalk but was watching a parked auto in Peach Alley. When he looked up, he saw the convertible but was unable to stop in time.

Vets' Insurance To Be Explained

A meeting to explain the reopening of veterans insurance will be held at 8 p.m. Friday at the War Memorial Building in Steubenvlile.

Speaker will be Paul K. Hesselbarth, contact officer for the Veterans Administration Regional Office of Cleveland.

Under a new law effective May 1, 1965, disabled veterans who do not have GI Insurance or have less than $10,000 of such insurance may now be eligible to buy National Service Life Insurance.

Assisting Hesselbarth will be Michael Blischak, service officer for the Jefferson County American Legion Council.

The Cleveland office of the Veterans Administration estimates that 4,750 Jefferson County veterans are eligible for GI Insurance under the new law.

Mushroom Lasagne: Delicious, Easy To Fix

Traditionally Italian, this Lasagne recipe is designed especially for the busy housewife.

Flavorful mushrooms are featured — to enhance the lasagne noodles, sauce and cheese. Italian accents, smooth blends of flavors, and mushroom texture make this recipe a winner with your family and friends (yes, it's great for entertaining).

Mushroom Lasagne is ever so easy to fix. It can be prepared ahead of time and kept in the refrigerator. Bake to suit your convenience and timing, then bring out piping hot at the last minute.

Serve with a big tossed green salad and garlic bread, and you're all set for an easy but hearty dinner.

MUSHROOM LASAGNE

1 package (8 oz.) ribbed lasagne

1 can (15 oz.) meatless spaghetti sauce OR marinara sauce

½ pound riccota cheese OR cottage cheese, drained

½ pound Mozzarella cheese, thinly sliced

1 can (8 oz.) or 2 cans (4 oz. each) Sliced Button Mushrooms, drained

2 tablespoons grated Parmesan cheese

Cook lasagne following package directions; drain. Spread 3 tablespoons of the sauce in bottom of 1½-quart shallow baking dish, then layer ingredients (and repeat) in this order: lasagne, ricotta, Mozzarella, mushrooms and sauce. Sprinkle top layer with Parmesan cheese. Cover with aluminum foil and bake in moderate oven (350 degrees F.) for 20 minutes, then remove foil and bake for 10 minutes more (30 minutes in all). Makes 4 to 6 servings.

For a crowd — This recipe can easily be doubled or tripled.

This neverfail Hollendaise Sauce recipe simply must be shared by everyone, made special in flavor and texture by broiled mushrooms and their broth.

SAUCE

Drain broth from 1 can (3-oz.) Sliced Broiled Mushrooms directly into saucepan; add 2 eggs, ¼ cup softened butter, 2 tablespoons lemon juice, ¼ teaspoon salt and ⅛ teaspoon cayenne. Beat constantly with electric or hand beater over low heat until thick and fluffy. Add mushrooms and use to dress-up and savor - up simple vegetables and fish.

Preliminary Figures

Nearly $5 Billion Yearly Seen Health Care Payout

WASHINGTON (AP) — The multiple health and Social Security bill being drafted by the House Ways and Means Committee would provide a payout of almost $5 billion a year in various benefits, preliminary figures indicate.

However, statistics gathered by the bill's backers list only a relatively minor part of this total as coming out of the Treasury — the kind of expenditure that figures in the budget.

The rough figures with which the bill's drafters are working include these estimates of payout during the first full year of operation:

Hospital and nursing home benefits, $2 billion; optional medical benefits, $1 billion; expansion of the existing Kerr-Mills system to include more categories of health care beneficiaries, $400 million; increased Social Security retirement payments $1.5 billion.

The greater part of this $4.9 billion total would be financed by increasing the base and the rate of the payroll tax which now pays for Social Security. Committee members and technicians working out the financing arrangements are understood to be trying to hold the drain on the Treasury to a range of $600 million to $800 million.

The increased payroll tax would be calculated to cover nearly all the $2 billion hospital cost and all of the $1.5 billion retirement increase.

Half the medical supplement cost, or $500 million, would be paid by premiums charged those who participate. The remaining demand on the Treasury would be offset in several ways.

One would be an income tax deduction change which, in effect, would reduce or eliminate the government subsidy in the medical section for recipients affluent enough to pay income tax. Another would be savings in the present cost of health services because some of the load would be picked up by the new hospital plan.

The federal governmenment, during the fiscal year that ended June 30, spent about $466 million as its share of state-federal health programs for the aged and dependent, and the total will be higher this fiscal year.

While detailed projections were not immediately available, officials noted that about half the persons receiving such benefits would qualify for the payroll tax-financed hospitalization provided under the new plan.

The committee ordered Friday a fresh draft of the measure and predicted a final vote about Wednesday. A vote had been expected Thursday or Friday, so the schedule House leaders had hoped to meet — a floor vote by the week of March 29 — has been thrown off.

3 Young Men Indicted On Murder Charges

AKRON, Ohio (AP)—The Summit County Grand Jury indicted three young men on first-degree murder charges Friday in the holdup-slaying of a patron in a South Arlington Street bar here Dec. 26.

They are Kenneth M. Moore, 19, of Akron, his brother, Moses, 24, and Richard M. Hiltbrand, 19, of Silver Lake. Police said Elmer G. Ulrich, 47, of Akron was shot three times in a scuffle with the trio during the holdup.

Killed On Ohio Pike

CLEVELAND (AP) — Merle Robert Turney, 25, of Connellsville, Pa., was killed Friday night when his eastbound car crashed into the rear of a tractor-trailer rig on the Ohio Turnpike five miles southwest of Brecksville. This was the first traffic fatality on the turnpike this year.

Boy Killed By Car

CINCINNATI (AP) — Cincinnati's 1965 traffic toll rose to 12 when Leon Johnson, 6, ran into the path of a car near his home in Avondale Friday.

Mushroom Lasagne: Delicious, Easy To Fix

Traditionally Italian, this Lasagne recipe is designed especially for the busy housewife.

Flavorful mushrooms are featured — to enhance the lasagne noodles, sauce and cheese. Italian accents, smooth blends of flavors, and mushroom texture make this recipe a winner with your family and friends (yes, it's great for entertaining).

Mushroom Lasagne is ever so easy to fix. It can be prepared ahead of time and kept in the refrigerator. Bake to suit your convenience and timing, then bring out piping hot at the last minute.

Serve with a big tossed green salad and garlic bread, and you're all set for an easy but hearty dinner.

MUSHROOM LASAGNE

1 package (8 oz.) ribbed lasagne

1 can (15 oz.) meatless spaghetti sauce OR marinara sauce

½ pound riccota cheese OR cottage cheese, drained

½ pound Mozzarella cheese, thinly sliced

1 can (8 oz.) or 2 cans (4 oz. each) Sliced Button Mushrooms, drained

2 tablespoons grated Parmesan cheese

Cook lasagne following package directions; drain. Spread 3 tablespoons of the sauce in bottom of 1½-quart shallow baking dish, then layer ingredients (and repeat) in this order: lasagne, ricotta, Mozzarella, mushrooms and sauce. Sprinkle top layer with Parmesan cheese. Cover with aluminum foil and bake in moderate oven (350 degrees F.) for 20 minutes, then remove foil and bake for 10 minutes more (30 minutes in all). Makes 4 to 6 servings.

For a crowd — This recipe can easily be doubled or tripled.

This neverfail Hollendaise Sauce recipe simply must be shared by everyone, made special in flavor and texture by broiled mushrooms and their broth.

SAUCE

Drain broth from 1 can (3-oz.) Sliced Broiled Mushrooms directly into saucepan; add 2 eggs, ¼ cup softened butter, 2 tablespoons lemon juice, ¼ teaspoon salt and ⅛ teaspoon cayenne. Beat constantly with electric or hand beater over low heat until thick and fluffy. Add mushrooms and use to dress-up and savor - up simple vegetables and fish.

Preliminary Figures

Nearly $5 Billion Yearly Seen Health Care Payout

WASHINGTON (AP) — The multiple health and Social Security bill being drafted by the House Ways and Means Committee would provide a payout of almost $5 billion a year in various benefits, preliminary figures indicate.

However, statistics gathered by the bill's backers list only a relatively minor part of this total as coming out of the Treasury — the kind of expenditure that figures in the budget.

The rough figures with which the bill's drafters are working include these estimates of payout during the first full year of operation:

Hospital and nursing home benefits, $2 billion; optional medical benefits, $1 billion; expansion of the existing Kerr-Mills system to include more categories of health care beneficiaries, $400 million; increased Social Security retirement payments $1.5 billion.

The greater part of this $4.9 billion total would be financed by increasing the base and the rate of the payroll tax which now pays for Social Security. Committee members and technicians working out the financing arrangements are understood to be trying to hold the drain on the Treasury to a range of $600 million to $800 million.

The increased payroll tax would be calculated to cover nearly all the $2 billion hospital cost and all of the $1.5 billion retirement increase.

Half the medical supplement cost, or $500 million, would be paid by premiums charged those who participate. The remaining demand on the Treasury would be offset in several ways.

One would be an income tax deduction change which, in effect, would reduce or eliminate the government subsidy in the medical section for recipients affluent enough to pay income tax. Another would be savings in the present cost of health services because some of the load would be picked up by the new hospital plan.

The federal governmenment, during the fiscal year that ended June 30, spent about $466 million as its share of state-federal health programs for the aged and dependent, and the total will be higher this fiscal year.

While detailed projections were not immediately available, officials noted that about half the persons receiving such benefits would qualify for the payroll tax-financed hospitalization provided under the new plan.

The committee ordered Friday a fresh draft of the measure and predicted a final vote about Wednesday. A vote had been expected Thursday or Friday, so the schedule House leaders had hoped to meet — a floor vote by the week of March 29 — has been thrown off.

3 Young Men Indicted On Murder Charges

AKRON, Ohio (AP)—The Summit County Grand Jury indicted three young men on first-degree murder charges Friday in the holdup-slaying of a patron in a South Arlington Street bar here Dec. 26.

They are Kenneth M. Moore, 19, of Akron, his brother, Moses, 24, and Richard M. Hiltbrand, 19, of Silver Lake. Police said Elmer G. Ulrich, 47, of Akron was shot three times in a scuffle with the trio during the holdup.

Killed On Ohio Pike

CLEVELAND (AP) — Merle Robert Turney, 25, of Connellsville, Pa., was killed Friday night when his eastbound car crashed into the rear of a tractor-trailer rig on the Ohio Turnpike five miles southwest of Brecksville. This was the first traffic fatality on the turnpike this year.

Boy Killed By Car

CINCINNATI (AP) — Cincinnati's 1965 traffic toll rose to 12 when Leon Johnson, 6, ran into the path of a car near his home in Avondale Friday.

Junior Editors Quiz on DUST

QUESTION: Of what is dust composed?

★ ★ ★

ANSWER: What is considered true dust is made of particles of matter small enough to float in the air — smaller than one one-thousandth of a millimeter. There is much coarser dust, of course, of a larger size. Dust is composed of tiny fragments of a great many materials, such as mineral matter, cinders, soot, ashes, particles of wool, cotton and hair as well as wood shreds, pollen grains and spores from plants. Outside, the wind picks up much mineral matter, such as the crumbling substance of rock, as well as fragments of soil from mud flats and plowed fields. These sources account for most of the dust of the atmosphere. When it is very dry, much precious topsoil may be carried off from the land as dust. In the 1930's great damage was caused to farm lands in some of the states by dust storms moving in this way.

Dust, however, is more than a nuisance in your room or a threat to farmland. Carried high in the air, dust helps to form rain, for water vapor often condenses on the tiny particles, becoming heavy enough to fall. Did you know that dust can help in detective work? By analyzing dust collected in a room, one may get vital information about the people who have lived there.

★ ★ ★

FOR YOU TO DO: Next time you dust your room (why not do it now?) look at the dust in your dustpan and think how curious it is that some of it may be coming down again some day — along with cooling, refreshing rain.

Patrol Cites 4 Motorists In 3 Accidents

Four motorists were cited as the result of three accidents investigated Friday by the State Highway Patrol at Lisbon.

Howard Thomas Bomberger, 17, of R.D. 2 and William Robert Smith Jr., 16, of Negley R. D. 1 both were charged with traffic violations after a collision between their cars Friday night at 10:05 on Route 170 three and a half miles north of Route 30.

Officers said Smith signaled a right turn. Bomberger, who was following him, started to pass over a yellow line just as Smith changed his mind and started to negotiate a left turn. They collided in the opposite lane, officers said.

Bomberger was cited for passing on an approach to a curve and Smith was cited for failure to signal a turn.

A car driven by Janice Elaine Burns, 19, of 2205 Richardson Ave. hit the rear of a pickup truck driven by Gary Lee Sanford, 16, of R.D. 2 Friday at 5 p.m. on Route 170 a half mile north of Route 30.

Sanford had stopped to make a left turn into a private driveway, officers said. Miss Burns was cited for failure to stop in the assured clear distance.

A large steel roll fell off a semi-tractor trailer truck driven by Carl B. Marietta, 37, of Hanoverton on Route 30 near Rock Camp Friday at 6:50 a.m.

It caused minor damage to the trailer and sheared off a road marker at the intersection of the Y. & O. Rd., officers said. The steel binder chain snapped. Marietta was cited for having an insecure load.

Man In Shooting Case Held For Grand Jury

LISBON — Richard (Dick) Martin, 21, of near Dungannon pleaded innocent Friday at a preliminary hearing before County Judge J. L. MacDonald on charges of carrying concealed weapon but the court, after hearing testimony, bound him over to April Grand Jury.

Martin was charged Feb. 27 after a shooting mishap in Stephanic's Tavern in Kensington.

Constable Roy Painter of Hanover Township said Martin was showing a fancy pistol to a companion when it discharged, hitting Martin in hand. The bullet then lodged in the wrist of Patrick Messinger, 16, of Lisbon R. D. 1, who was standing by the table at which Martin was seated. Martin was released under $500 bond.

Highlandtown Junior League Picks Officers

New officers were elected at a meeting of the Highlandtown No. 16 Junior League Friday night at the Highlandtown fire hall. Louis Talbott was elected president; Clarence Francis, vice president, and Lucille Huston, secretary-treasurer.

Robert Hall and Austin Chrislip were appointed to manage the Apaches, Donald Boyd the Colt .45's, and Wilton McElroy and Charles Allison the Rebels.

The group discussed means of raising funds for new equipment. A skating party will be held, the date to be announced. Next meeting will be held at the fire hall April 2.

FREE LUNCH. "Stacked up" like airlines waiting to land at a busy airport, these St. Petersburg seagulls demonstrate their docility and hunger. They will line up in single file to eat right out of your hand.

Woman, Child Hurt In Falls; Boy Suffers Injuries At Play

A woman and a child injured in falls and a boy hurt playing were admitted to City Hospital, where nine other persons were treated Friday and early today.

Mrs. Martha Long, 1757 Maple Ave., Wellsville, was in "fairly good" condition today with a laceration of the right hand suffered when she fell from a curb yesterday afternoon.

Penny Earich, 2, daughter of Gary Earich, 503 Jefferson St., Salineville, was admitted last night with abrasions of the right temple suffered in a fall from a chair. She was in "fair" condition today.

Michael Robert Hull, 7, son of Harry Hull, 429 Elm St., was in "fair" condition with a head injury received when struck with a ball bat yesterday afternoon.

Ronald Greathouse, 15, of Ceramic St. was bitten on the left leg by a dog.

Robert Miller Jr., 15, son of Robert Miller of New Cumberland R. D. 2, suffered a possible fracture of the lower leg in gym class in school.

Jack Gray of Coraopolis R.D. 3, a meat cutter at Loblaw's Market, was cut on the left wrist when a knife slipped.

Joe Murray, 18, of 454 Mulberry St., suffered contusions of the left hand when a radiator fell on him.

William Pittenger, 11, son of Earl Pittenger, 512 Florida Ave., Chester, received a laceration of the forehead when he ran into a door.

Janet Gray, 16, of Lisbon St., received a laceration of the right hand in a fall on gravel at Lake Marwin.

Robert Hughes, 18, of 1251 Pennsylvania Ave. was treated at 1 a. m. today for an electrical shock suffered at a friend's home.

500 Prizes Awarded At Elkton Club Event

The Jolly Eight Club of Elkton met Wednesday night with Mrs. Clifford Ward of the Elkton-Signal Rd.

Prizes in 500 went to Mrs. Hazel Lee, Mrs. Sidney Scroggs and Mrs. Ralph Moore. Mrs. George Jones will be the next hostess.

Mrs. Bert Dailey held a home products party Wednesday night at the home of Mrs. Margaret Ronshak of Route 30.

Kenneth Dixon, a student at Ohio State University at Columbus, is spending the quarter vacation at home. He is the son of Mr. and Mrs. Harold Dixon of the Lisbon-Elkton Rd.

Daugherty Clarifies Wellsville Street Fund

Mayor William Daugherty said today that all the money available for the Wellsville street maintenance fund was not appropriated by City Council Tuesday night.

Council appropriated $41,995 and did not specify any money for the annual street repair by contract program.

The mayor said the city is entitled to spend up to $56,081, the total amount available from state taxes, gasoline taxes and auto license fees. This figure was provided by the county auditor's office, he said.

This means $14,088 was not set up in the appropriation, but was held back and is available if Council wants to use it, the mayor said. The mayor also said $2,000 was set aside in the parking meter fund for contract repairs.

$10,000 Loss Set In Blaze

MILLPORT — An overheated coal furnace apparently caused a $10,000 blaze at the two-story frame home of Mr. and Mrs. John Pierson late Friday morning, Franklin Township Fire Chief Paul Crawford said today.

The interior of the home was destroyed in the intense heat as the fire spread from over the furnace in the basement, Chief Crawford said.

The blaze, which broke out about 9:40, was finally extinguished at 1 p. m. by firemen from five departments — Franklin, Hanoverton, Fox Township, Guilford and Salineville.

No one was injured. The fire occurred while Pierson was in Lisbon, his wife was working at a grocery store and their five children — three boys and two girls — were in school.

Crawford said the heat was so intense nothing could be saved. The family has temporary quarters in a small cottage near Route 518 while some are staying with relatives.

Area Man Helps In Gemini Radio Contact System

Air Force Tech Sgt. R. G. Beadle of Salineville is slated to be in charge of a net control radio station in Spain for the scheduled Gemini orbit test Tuesday.

Sgt. Beadle, 41, son of Mr. and Mrs. Dewey Beadle of McKinley Ave., Salineville, currently stationed in France, advised his parents he will be transferred for a few days to a net control facility in Spain for Tuesday's launch.

His station will be a center for radio contacts with stations in Africa in the Gemini communications system.

A graduate of Salineville High School, Sgt. Beadle has been in the Air Force for 17 years. He is married and has three sons. His family is with him in France.

Sgt. Beadle is the noncommissioned officer in charge of the facility in France, where he is stationed.

Heart Attack Fatal

YOUNGSTOWN, Ohio (AP) — Isadore L. Feuer, a past national commander of the Jewish War Veterans, died Friday of a heart attack.

Abbott Says His Fiancee Shot Woman

CINCINNATI (AP) — Robert Ray Abbott's fiancee was sitting in the corridor outside when he took the stand Friday and said she committed the killing for which he is standing trial on a first - degree murder charge.

Abbott testified he entered Room 945 of the Sheraton-Gibson Hotel and found Alice Ewing sitting on the bed and Wanda Cook dead on the floor.

Abbott continued: "I said something like, 'My God, what did you do?' or 'What happened?' Something like that, but I don't remember exactly. . . . She said, 'I shot her. I love you. I shot her because I love you.'"

Miss Ewing, 22, of Fort Thomas, Ky., has been coming to the Hamilton County court house nearly every day to catch a glimpse of the 21-year-old Dayton, Ky., salesman as he is led in and out of the court room.

She generally sits in the hallway, knitting a sweater, trying to ignore the people crowding the corridor for a chance to get a seat at the trial. She could not hear his words from where she sat.

Prosecutor Melvin G. Rueger called Miss Ewing to the stand early this week and she testified Abbott told her he shot Miss Cook, 24, of Bellevue, Ky., accidentally.

Miss Cook's body was found in a trunk at the Cleveland Union Terminal last Oct. 21. Prosecution and defense agree she was killed Oct. 15 in Cincinnati, and Miss Ewing admitted helping remove her body from the hotel.

Couple Cited As Aides In Jailbreak Attempt

XENIA, Ohio (AP)—A young Dayton man and woman have been charged with aiding an attempted jailbreak by slipping a hacksaw blade to the girl's boyfriend in county jail here.

Greene County sheriff's deputies arrested Connie Le Gibson, 19, and Thomas Kimbrough, 18, after they found William Stonebarger, 22, of Fairborn, sawing away at bars in his cell Thursday night. Since the attempted escape, Stonebarger has been sentenced to 1 to 5 years for violation of probation and 10 to 25 years for armed robbery.

No Clues Seen In Burglaries

Police Chief John Hephner said today no new leads have been found in the burglary of a Wellsville grocery and the attempted burglary of a drugstore sometime early Friday morning.

Burglars took an undetermined amount of meat from Piatt's Market, 1329 Main St., and attempted to enter the McMorrow Drugstore, 1337 Main St., both in the same block.

The burglars climbed up over the store to the roof where they forced open a window on a small skylight. They then dropped inside and took the meat from the cooler.

They left much of the meat on the roof, police said. They also stole about $10 in cash from a register.

The glass in both the front and back doors of the drugstore were broken, but the burglars apparently were thwarted by several heavy locks, police said.

The glass was not broken out enough to allow entry.

Barbara Kinsey Crowned Queen

Miss Barbara Kinsey was crowned queen of the Sophomore Class of East Liverpool High School at the annual class party Friday night at the Memorial Auditorium.

Her court was comprised of Miss Susan Greenwood, Miss Kathy Bragg, Miss Nancy Beatty and Miss Sarah Moraco.

Members of the class provided the entertainment. Dancing was to records.

Mike Baxter, class president, was presented a record. Refreshments were served.

USW Seen Approving Pact To End Strike

COLUMBUS, Ohio (AP) — Members of the United Steelworkers Union are expected to ratify a new contract Sunday, ending an 11-week strike at the Jaeger Machine Co. Some 360 union members struck the plant in a dispute over the company's pension plan.

Samuel Stokes, steelworkers international representative, said the new contract obtains improvements in the pension program, higher wages and better vacations.

Patrol Cites 4 Motorists In 3 Accidents

Four motorists were cited as the result of three accidents investigated Friday by the State Highway Patrol at Lisbon.

Howard Thomas Bomberger, 17, of R.D. 2 and William Robert Smith Jr., 16, of Negley R. D. 1 both were charged with traffic violations after a collision between their cars Friday night at 10:05 on Route 170 three and a half miles north of Route 30.

Officers said Smith signaled a right turn. Bomberger, who was following him, started to pass over a yellow line just as Smith changed his mind and started to negotiate a left turn. They collided in the opposite lane, officers said.

Bomberger was cited for passing on an approach to a curve and Smith was cited for failure to signal a turn.

A car driven by Janice Elaine Burns, 19, of 2205 Richardson Ave. hit the rear of a pickup truck driven by Gary Lee Sanford, 16, of R.D. 2 Friday at 5 p.m. on Route 170 a half mile north of Route 30.

Sanford had stopped to make a left turn into a private driveway, officers said. Miss Burns was cited for failure to stop in the assured clear distance.

A large steel roll fell off a semi-tractor trailer truck driven by Carl B. Marietta, 37, of Hanoverton on Route 30 near Rock Camp Friday at 6:50 a.m.

It caused minor damage to the trailer and sheared off a road marker at the intersection of the Y. & O. Rd., officers said. The steel binder chain snapped. Marietta was cited for having an insecure load.

Man In Shooting Case Held For Grand Jury

LISBON — Richard (Dick) Martin, 21, of near Dungannon pleaded innocent Friday at a preliminary hearing before County Judge J. L. MacDonald on charges of carrying concealed weapon but the court, after hearing testimony, bound him over to April Grand Jury.

Martin was charged Feb. 27 after a shooting mishap in Stephanic's Tavern in Kensington.

Constable Roy Painter of Hanover Township said Martin was showing a fancy pistol to a companion when it discharged, hitting Martin in hand. The bullet then lodged in the wrist of Patrick Messinger, 16, of Lisbon R. D. 1, who was standing by the table at which Martin was seated. Martin was released under $500 bond.

Highlandtown Junior League Picks Officers

New officers were elected at a meeting of the Highlandtown No. 16 Junior League Friday night at the Highlandtown fire hall. Louis Talbott was elected president; Clarence Francis, vice president, and Lucille Huston, secretary-treasurer.

Robert Hall and Austin Chrislip were appointed to manage the Apaches, Donald Boyd the Colt .45's, and Wilton McElroy and Charles Allison the Rebels.

The group discussed means of raising funds for new equipment. A skating party will be held, the date to be announced. Next meeting will be held at the fire hall April 2.

Woman, Child Hurt In Falls; Boy Suffers Injuries At Play

A woman and a child injured in falls and a boy hurt playing were admitted to City Hospital, where nine other persons were treated Friday and early today.

Mrs. Martha Long, 1757 Maple Ave., Wellsville, was in "fairly good" condition today with a laceration of the right hand suffered when she fell from a curb yesterday afternoon.

Penny Earich, 2, daughter of Gary Earich, 503 Jefferson St., Salineville, was admitted last night with abrasions of the right temple suffered in a fall from a chair. She was in "fair" condition today.

Michael Robert Hull, 7, son of Harry Hull, 429 Elm St., was in "fair" condition with a head injury received when struck with a ball bat yesterday afternoon.

Ronald Greathouse, 15, of Ceramic St. was bitten on the left leg by a dog.

Robert Miller Jr., 15, son of Robert Miller of New Cumberland R. D. 2, suffered a possible fracture of the lower leg in gym class in school.

Jack Gray of Coraopolis R.D. 3, a meat cutter at Loblaw's Market, was cut on the left wrist when a knife slipped.

Joe Murray, 18, of 454 Mulberry St., suffered contusions of the left hand when a radiator fell on him.

William Pittenger, 11, son of Earl Pittenger, 512 Florida Ave., Chester, received a laceration of the forehead when he ran into a door.

Janet Gray, 16, of Lisbon St., received a laceration of the right hand in a fall on gravel at Lake Marwin.

Robert Hughes, 18, of 1251 Pennsylvania Ave. was treated at 1 a. m. today for an electrical shock suffered at a friend's home.

500 Prizes Awarded At Elkton Club Event

The Jolly Eight Club of Elkton met Wednesday night with Mrs. Clifford Ward of the Elkton-Signal Rd.

Prizes in 500 went to Mrs. Hazel Lee, Mrs. Sidney Scroggs and Mrs. Ralph Moore. Mrs. George Jones will be the next hostess.

Mrs. Bert Dailey held a home products party Wednesday night at the home of Mrs. Margaret Ronshak of Route 30.

Kenneth Dixon, a student at Ohio State University at Columbus, is spending the quarter vacation at home. He is the son of Mr. and Mrs. Harold Dixon of the Lisbon-Elkton Rd.

Daugherty Clarifies Wellsville Street Fund

Mayor William Daugherty said today that all the money available for the Wellsville street maintenance fund was not appropriated by City Council Tuesday night.

Council appropriated $41,995 and did not specify any money for the annual street repair by contract program.

The mayor said the city is entitled to spend up to $56,081, the total amount available from state taxes, gasoline taxes and auto license fees. This figure was provided by the county auditor's office, he said.

This means $14,088 was not set up in the appropriation, but was held back and is available if Council wants to use it, the mayor said. The mayor also said $2,000 was set aside in the parking meter fund for contract repairs.

$10,000 Loss Set In Blaze

MILLPORT — An overheated coal furnace apparently caused a $10,000 blaze at the two-story frame home of Mr. and Mrs. John Pierson late Friday morning, Franklin Township Fire Chief Paul Crawford said today.

The interior of the home was destroyed in the intense heat as the fire spread from over the furnace in the basement, Chief Crawford said.

The blaze, which broke out about 9:40, was finally extinguished at 1 p. m. by firemen from five departments — Franklin, Hanoverton, Fox Township, Guilford and Salineville.

No one was injured. The fire occurred while Pierson was in Lisbon, his wife was working at a grocery store and their five children — three boys and two girls — were in school.

Crawford said the heat was so intense nothing could be saved. The family has temporary quarters in a small cottage near Route 518 while some are staying with relatives.

Area Man Helps In Gemini Radio Contact System

Air Force Tech Sgt. R. G. Beadle of Salineville is slated to be in charge of a net control radio station in Spain for the scheduled Gemini orbit test Tuesday.

Sgt. Beadle, 41, son of Mr. and Mrs. Dewey Beadle of McKinley Ave., Salineville, currently stationed in France, advised his parents he will be transferred for a few days to a net control facility in Spain for Tuesday's launch.

His station will be a center for radio contacts with stations in Africa in the Gemini communications system.

A graduate of Salineville High School, Sgt. Beadle has been in the Air Force for 17 years. He is married and has three sons. His family is with him in France.

Sgt. Beadle is the noncommissioned officer in charge of the facility in France, where he is stationed.

Heart Attack Fatal

YOUNGSTOWN, Ohio (AP) — Isadore L. Feuer, a past national commander of the Jewish War Veterans, died Friday of a heart attack.

Abbott Says His Fiancee Shot Woman

CINCINNATI (AP) — Robert Ray Abbott's fiancee was sitting in the corridor outside when he took the stand Friday and said she committed the killing for which he is standing trial on a first - degree murder charge.

Abbott testified he entered Room 945 of the Sheraton-Gibson Hotel and found Alice Ewing sitting on the bed and Wanda Cook dead on the floor.

Abbott continued: "I said something like, 'My God, what did you do?' or 'What happened?' Something like that, but I don't remember exactly. . . . She said, 'I shot her. I love you. I shot her because I love you.' "

Miss Ewing, 22, of Fort Thomas, Ky., has been coming to the Hamilton County court house nearly every day to catch a glimpse of the 21-year-old Dayton, Ky., salesman as he is led in and out of the court room.

She generally sits in the hallway, knitting a sweater, trying to ignore the people crowding the corridor for a chance to get a seat at the trial. She could not hear his words from where she sat.

Prosecutor Melvin G. Rueger called Miss Ewing to the stand early this week and she testified Abbott told her he shot Miss Cook, 24, of Bellevue, Ky., accidentally.

Miss Cook's body was found in a trunk at the Cleveland Union Terminal last Oct. 21. Prosecution and defense agree she was killed Oct. 15 in Cincinnati, and Miss Ewing admitted helping remove her body from the hotel.

Couple Cited As Aides In Jailbreak Attempt

XENIA, Ohio (AP)—A young Dayton man and woman have been charged with aiding an attempted jailbreak by slipping a hacksaw blade to the girl's boyfriend in county jail here.

Greene County sheriff's deputies arrested Connie Le Gibson, 19, and Thomas Kimbrough, 18, after they found William Stonebarger, 22, of Fairborn, sawing away at bars in his cell Thursday night. Since the attempted escape, Stonebarger has been sentenced to 1 to 5 years for violation of probation and 10 to 25 years for armed robbery.

No Clues Seen In Burglaries

Police Chief John Hephner said today no new leads have been found in the burglary of a Wellsville grocery and the attempted burglary of a drugstore sometime early Friday morning.

Burglars took an undetermined amount of meat from Piatt's Market, 1329 Main St., and attempted to enter the McMorrow Drugstore, 1337 Main St., both in the same block.

The burglars climbed up over the store to the roof where they forced open a window on a small skylight. They then dropped inside and took the meat from the cooler.

They left much of the meat on the roof, police said. They also stole about $10 in cash from a register.

The glass in both the front and back doors of the drugstore were broken, but the burglars apparently were thwarted by several heavy locks, police said.

The glass was not broken out enough to allow entry.

Barbara Kinsey Crowned Queen

Miss Barbara Kinsey was crowned queen of the Sophomore Class of East Liverpool High School at the annual class party Friday night at the Memorial Auditorium.

Her court was comprised of Miss Susan Greenwood, Miss Kathy Bragg, Miss Nancy Beatty and Miss Sarah Moraco.

Members of the class provided the entertainment. Dancing was to records.

Mike Baxter, class president, was presented a record. Refreshments were served.

USW Seen Approving Pact To End Strike

COLUMBUS, Ohio (AP) — Members of the United Steelworkers Union are expected to ratify a new contract Sunday, ending an 11-week strike at the Jaeger Machine Co. Some 360 union members struck the plant in a dispute over the company's pension plan.

Samuel Stokes, steelworkers international representative, said the new contract obtains improvements in the pension program, higher wages and better vacations.
